National Primrose Show April 6 & 7, 1963 Tacoma

1. Show will be open to visitors Saturday, April 6, from 1:00 p.m. to 9:00 p.m., and Sunday, April 7 from 11:00 a.m. to 6:00 p.m.

2. Exhibits will be received Friday, April 5, from 6:00 p.m. to 9:30 p.m., and Saturday, April 6, from 8:00 a.m. to 9:30 a.m., deadline.

3. All divisions and classes except Division VII are open to both amateurs and professionals and no differentiation in judging will be shown, whether the plant be entered by an amateur or professional.

4. All Primulas entered in the show must have been grown out of doors (except Show Auricles) and have been in the exhibitor's garden for at least three (3) months. Glass covering for protection of bloom (not forcing) is permitted.

5. Only Show Chairman, judging committee, and clerks will be permitted on the show floor during judging. All entries will be placed by the committee.

6. Entries are the property of the show during the show hours and must not be removed until the show closes at 6:00 p.m., April 7, 1963.

7. Exhibitors shall furnish their own pots (of clean clay or plastic) which should bear the exhibitor's name, on the bottom of the pot. No top dressing around plants in pot.

8. All exhibits will be judged according to the standards of excellence established by The American Primrose Society.

9. It is understood that members of the Tacoma Primrose Society will not be held responsible for loss of, or damage to person or property.

10. The show management may make such other rules as it may deem necessary for the proper conduct of the show.

11. The judges' decisions are final.

GARDEN HELPS

by Cecil Solly

The Seattle Times

HERE IS AN INVITATION TO MEMBERSHIP IN THE
THE AMERICAN PRIMROSE SOCIETY.

* You receive the quarterly publication of
THE AMERICAN PRIMROSE SOCIETY. It is the only
U.S. source of up-to-date information about
primrose culture and activities of primrose
enthusiasts world-wide.

* You obtain rare seed of primula species and
other alpine plants through the seed distrib-
ution for a small handling charge. Many of
these seeds are unobtainable from any other
source.

* You receive a cultural chart of the culti-
vated species of primula that explains the
type of soil and climate each species has
in its native habitat
