Washington, D. C.

December 3, 1903.

Geo.W. Stewart, Esq.,
Visalia, Cal.,

Dear Sir:-

Your letter of recent date relating to appointments at Annapolis is at hand. I will have the naming of one principal and three alternates for Annapolis, but I have no information as to any vacancy and I presume there is none for my District at West Point. I have a great many applications on file for Annapolis and among that number I have selected the principal, but have not yet decided fully on the three alternates, and if your young friend Roscoe Byrnes will make application I will put him on the list if he desires among the number to be selected as one of the three alternates.

Desiring to serve you in anyway that I can, I am

Yours Very Truly,
