My Dear Kathryn:

In your past letters to me you indicated that when the month of June arrived that you would be able to make a substantial payment on your loan from the Rotary Club. I have waited until the middle of the month hoping to hear from you. I have not heard from you as yet, but I must hold you to your promise.. I do not want to have to take this matter up with you any further and while I am willing to be as lenient as possible I cannot permit the loan to go along as it has been. Please let me hear from you and oblige,

Yours very truly,
