Dear Sir:

My records show that you borrowed on two occasions from the Rotary Student Loan Fund, a total of \$68.00 and nothing has been paid on these notes for five years. The Student Loan Committee to place it mildly, is very much disappointed in the treatment you have given us and you have only kept other worthy students from being benefited by this fund.

I most respectfully request that you give the matter consideration and call and see me at an early date.

Yours very truly,

L.O.J. NECK & CO.
