Dear Miss White:

Our records show that you are one of the very earliest applicants to receive the benefit of the Rotary Student Loan fund and I regret very much that they also show that you have not shown sufficient appreciation to make the slightest payment.

You are treating this loan fund as a gift whereas it is a rotating fund to help worthy students. I think the least you could do would be to come and see me in reference to same.

Yours very truly,

L.O. JANECK & CO.

CHAIRMAN, Rotary Student  
Loan Fund
