

## A WORD ON MEMORIAL GIFTS

There are indications that many persons would like to make substantial contributions in the memory of some pioneer family or remembered individual. In line with this, a Memorial Bronze Placque will be erected in the foyer of the new Museum. A permanent record for all to see.

Memorial Gifts may be secured by any division of the campaign, but it is difficult to ask a definite amount on a Memorial Gift, when that gift is from the heart, in memory of some loved one.

When the donor gives all he can it is like "the Widow's Mite", it can not be measured in dollars and cents.

However, most Memorial Gifts will naturally be in the higher brackets of giving, and should range from \$100 or more.
