

[Bartholet]

Susie Dear-

I have been intensely interested in all that you sent me. I LOVED the pictures! I have read it all more than once and am returning it as I will feel more comfortable to know it is in your hands again and, as I wrote you, I had already done the job Mrs. Smith asked for. You will note that I am keeping three pictures that I am going to try to get some copies from. But I will take good care of them.

The picture you sent of our house is quite lovely and so is the view down the walk. I love them and do hope I can get them copied.

If you could get into the spirit of it again? you could do the whole thing over and get it into a big loose-leaf notebook.

Thank you for sending it.

Oh I do want to go out to the Fort in the Spring just once again!

Love-J-

Taken same  
day we received  
I think it is a  
pretty picture of the  
old home
