

Mr. Lew Garbutt,
Manager, Chamber of Commerce,
Yakima, Washington

March 8, 1953

Dear Mr. Garbutt:

Enclosed is a sketch of the publicity release I mentioned over the phone. I am taking care of over a dozen newspapers, mailing out the stories to the weeklies now and the stories to the dailies Wednesday, so the timing will be right.

If the radio releases go out so they will reach the stations Thursday, that timing would be good.

I have sent a copy to Mr. Sheller and suggested that perhaps the board members would like to come along.

I do not feel that more than a small percentage of the committee can be there, because of the distance involved. Most of those named now are persons whose work, at a distance, can be valuable. I will add local workers as we get rolling. We are already doing pretty good.

Sincerely
