[1961?]

Dear Alex:

Spent about two hours tonight just looking through all the Simcoe material and picked out what material included schools or reference to schools.

The stuff is so mixed up that unless I spent a couple of days I could not get a lot of material, but maybe this will be of some help. I had notes only on some of the lists of students which I copied. Know lots of the names are spelled wrong, but that is the way they appeared on the school record books taken from. They weren't record books, rather just sheets of school reports at the agency.

Return the material when you are through with it. Some day I'll get a chance to get it all sorted properly.

regards
