Dear Mr. Belander,

I am a student at Naches High School, and have chosen for my term paper in Washington History, The Life and History of the Yakima Indians.

Although I have written several people and gotten books from the library, I do not have sufficient material. I heard that you would send me something on this subject if I wrote.

I have to have my notebook in January 18.

Anything you send me will be deeply appreciated.

Sincerely yours,
Betty Allington
