Mr. L.O. Janeck
18 N. Second St.
Yakima, Washington

Dear Mr. Janeck,

As the quarter is nearly over, I thought I might tell you how I have done this quarter. I am hoping that my grades will be somewhat better this time than last, but I will not know for awhile. I have enjoyed myself much more this quarter than I did either of the previous ones. It seems that the longer I'm here the more I like it.

The quarter ends next week, May 31, and Summer quarter begins the following Tuesday. I hardly know what to do about going this summer. Although I would like to keep on this summer, I would like to work if I could find something to do. If I should decide to go to school, would I be able to get the money? It would not take as much for this quarter as for the others, because I will not take lessons this time.

Perhaps you could give me your idea about this matter.

Sincerely yours,

Kathryn Davis
