Dear Miss Haskins:

Thank you for your letter, received today in which your check for \$8.50 was enclosed. You are due thanks especially for the time to write so completely.

Why don't I put your check in the file with this letter and if still available, you may send "The Whale, His Captors etc."

I would send this insured, which will cost I believe 30 cents. Then when the book arrives I assure you I will destroy your check and we'll call it even and in event of some future Indian or Northwest material you have time to quote me and I purchase, you can knock off \$1.75 or \$2.00.

I'm a long-time resident here and can assure you of a good credit rating. I'll put a carbon of this letter and the check with it in a day file in my studio office at home, for about Feb. 10, which should permit delivery of the book if still available.

Again, thank you for your letter and the time expended.

Most Sincerely

Dear Miss Haskins:

As you can see from the enclosure, your check of last Jan. 11 was destroyed as I promised.

The whaling book, in spite of its condition is a good little interesting item and fits into my collection.

Hope your winter has been satisfactory in Florida and presume you'll be returning to Michigan before long. Hence the letter.

Besides Indians, I'm interested in any horse books, especially old ones, horse training, etc. and in later year Appaloosa horse books. So if you have something in that line and there's a difference in the few dollars held on account, I'll be glad to rebate.

Incidentally I do not know how extensive your interest in books is, or your Michigan dealings. But I have a ~~large~~ Michigan item I'd be glad to trade that is typical of the "local history" books, 4vo, brown tooled leather Portraits and Biographies of the Governors of Michigan and of the Presidents of the United States, Chapman Bros, Nov., 1891. It includes (as printed on backstrip Ingham and Livingston Counties, Michigan). Toward the back are lithos of various residences, such as Alexander Dobie, Sec. 10, Alaledon Tp. Ingham Co., etc. As you probably know items like this run from \$15 to \$35. Just something to keep in mind. I do not intend to attempt to dispose of it unless someone happens to "come along," or write me.

We have an Appaloosa horse, hence ~~we~~ our interest in horses, and this is great horse country, quarter horses, cutting horses, etc.

Sincerely
