Mr. Howard Burnham,
110 E. 13th,
Vancouver, Wash, 98660.

Dear Howard:

Missed you at the last board meeting, but next time.

Bruce Le Roy was through Yakima today and attended a Fort Simcoe Restoration Society Board meeting. He mentioned something about an old drawing of Fort Simcoe, you suspected it was Simcoe, you had. So I'm writing to see if you ever identified it. And I'm writing to see if you have a price on it so it could be added to a collection here where it could be put to use to good advantage, mine. And of course that means it would find its way to "enduring" repository, in time. (Just remember I'm a working man).

I don't recall that I have anything especially in the Vancouver line I could "trade" on account or anything like that, but one of these days if you're through, we could look things over. But I am interested in the possible Simcoe item, if it's within reason.

I couldn't however trade our home, you'll note the new address. Plenty of room but not up to the HEs (not Hudson's Bay). And with it we got a very gentle blue point S. (He's not for trade either) About as nice a cat as the Bs'. I haven't even any good elephant jokes. Here's another though "What has 12 legs, feathers and sings, Baa, Baa, Baa?" (Ans. Six Indians, singing ye old frat song "We 're Three Little Lambs, That have Lost Bur Way, Baa, Baa, Baa..")

Regards to both of you
