

Ans.

Must apologize for the delay in returning your very interesting and informative file on Alaska. It has been of great assistance, especially in offering clues for expanding my research on Alaska.

Knowing the amount of time and work that goes into collecting a file such as yours, I want to thank you for the use of this material.

I hope to get over your way again in the not too distant future. When I do I will be able to express my thanks more adequately and perhaps we can continue our discussion of Alaska where we left off at last years meeting.

sincerely,

Loren Stewart
