Judge N B Brooks,  
Goldendale Wash.

Dear Judge,

According to the press you are elected and I wish to send you congratulations, we are now going to sit back and watch you go..

You no doubt had a good time from all accounts with the Queen but when you turned her loose she soon had trouble, think you had better have gone along and handled the bunch I know you could just roll up a few papers and landed on them.

Let me know how it seems to be elected one day and then not the next and then elected again the next.

Tell us all about the big doings & etc.

Yours for the completion of the ROAD,
