U.S. Indian Agt
Ft. Simcoe, W.

Dear Sir

I write you desirous of instruction;
I am at loss what to do with the field notes maps
etc of the survey of the Indian fishing privileges
and approaches thereto which are very nicely
completed, and order to show any court, what
gross wrong has been, are being urged upon
the rights of the Yakama nation.

Capt Marchant left here and went to Seattle
to meet the U.S. Attorney. Judge White, but
does not give us any instruction

I hear that Judge White has resigned
I have written him for instruction, but
cannot obtain any answer.

Do you know if there is any new Attorney for
Washington, in place of Judge White if so
what is his address?

COL. T. S. LANG, SPECIAL ASSISTANT,
THE DALLES, OREGON.

United States Indian Service.

THE DALLES, OREGON,

1889.

The men who did the surveying are very
urgent for their pay. and it is no more
than justice to pay them.

We have all acted in sincere good faith
and it seems almost hard not to be
able to pay what is due them.

I trust you will pardon my blue
tone, but it is induced by the request
of those who deserve to be dealt fairly with.

We had an Emma Andrews as interpreter
from your tribe to whom there was due
14 days work as an excellent interpreter
~~in~~ she acted by order of Gen Gordon, in
the Selatoci cases. She is here but
I cannot pay her. I can give her
a certificate statement of service.

Yours Truly

Thos. S. Lang
