Hear Click and Jenny, Salem, Ore.

I will write you again and hope that maybe this time, I may get a letter from you. I have been in Salem about 5 mos & intend to stay here, really this time I'm sure. I am working for a place called Moore Business Forms and... we make business forms. It is a good job with good pay, and a chance for advancement also. I have been alone, the kids and I for about four mos and it isn't too bad. Not once one gets use to it, I guess. Monica has been under Mrs's care for some time and they think that she could have cancer. I can only hope & pray that she doesn't. We see each other once in awhile

for coffee, and she doesn't look so well. They could be wrong and it may be something else as everyone is wrong at times. God yes, look at me?

I do hope all is going well and that your Xmas was a happy one. Also, I hope this ^{new} year will be a good one for you both. The children are doing very well and getting real smart in school and all of that stuff. I'm sure proud of them, and all those lil' spankings in the past, paid off I can see now.

I don't see many of the old gang any more as I don't get around much lately. My job and kids keep me pretty "tied up" so to speak.

Salem town is very pretty

and people here are nice. I've
met and made lots of new friends
and I just caught how that
sounded, so I'll smile with you.
I hope you will write us as
we have missed you and
all the good old times up there.
Little by little, I'm getting that
foot hold you spoke of long ago
and I'm only hoping so hard
that I can keep it. I've tried
and waited so long for this
job and it's paying off now.

I will close and hope our letter
finds you both well and happy
and not working too hard.

Please write us soon and
Best of luck always -

Whee whee, Jackie, Bob and
mother is here for a visit
with us too. Write soon -
