Dear Click,

Thank you for your kind wishes. Your letters reached me just as I was leaving for this visit with my son and family and I hurriedly found a school man whom I know is much interested and gave him the petition you mailed me, along with the return envelope. I had very little time to explain, but he is familiar with the set-up anyway and so may be able to get you some signatures. At least you will hear from him. His name is,

Orval Petersen
517 Park Drive
Sunnyside

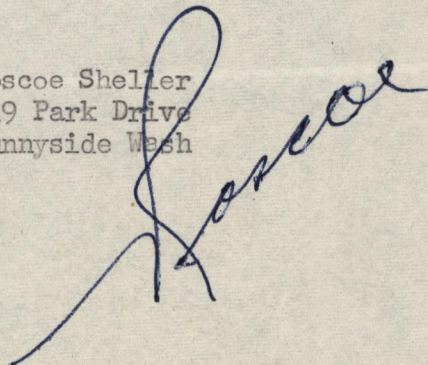

in case you wish to write him.

Just how long we will be here is still an unknown quantity, but I will write you immediately upon my return.

Thanks again. I am going to attempt to start my Ben Snipes Story while here and have it in rough form by the time I return, leaving it so that I can insert any new facts obtained, in the proper order before making the final copy. I'll surely appreciate any that you may be able to send.

Sincerely

Roscoe Sheller
519 Park Drive
Sunnyside Wash

A large, stylized handwritten signature in blue ink, appearing to read "Roscoe", is written over the typed name and address.
