Tacoma, Wash.

director

Dear Sir:

Enclosed a couple of tear sheets based on information you sent to the paper on which I am employed, concerning your exhibit. I hope I Have an opportunity to visit it. You are to be congratulated on showing art of this kind and quality.

Perhaps you have more information regarding "Couse." I however took the liberty of adding what information I have been able to obtain in my past years research on this man and have always expected some of his paintings to show up. Perhaps some of your "loan" paintings are by this artist. If so, perhaps the owner will be interested in this little bit of additional information.

I see the show drew very well at Portland. Hope it draws well at Tacoma, too. It surely should.

Thank you again for sending the information, and again, the best wishes for a successful show.

Sincerely
