"How to the Line, Let the Chips Fall Where They May."

VOL. 1.

NORTH YAKIMA, WASHINGTON, THURSDAY MORNING, NOVEMBER 10, 1904

NO. 39.

THE NATIONAL ELECTION

Roosevelt Will Probably Have 325 Electoral Votes—Carries Every Northern State.

MONTANA.

BUTTE, Mont., Nov. 9.—Latest returns from the state give Dixon for congress a majority of 7,500 and Roosevelt a majority of nearly 10,000. Governor Toole, democrat, is re-elected, but the majority of the state ticket is republican and the legislature is republican.

NEBRASKA.

OMAHA, Neb., Nov. 9.—The only part of the republican ticket in Nebraska left in doubt is that of governor. The vote for Roosevelt is unprecedented, and some estimates place his plurality at as high as 75,000 and there seems little doubt that it will reach at least 60,000.

RESIGNED TO HIS FATE.

ELKINS, W. Va., Nov. 9.—At 1:30 o'clock this morning Henry G. Davis said:

"I have no statement to make for publication. The returns show that the country has gone overwhelmingly republican. I will be highly gratified if my home town and county give me a good vote."

ROOSEVELT HAS 325 VOTES.

NEW YORK, Nov. 9.—President Roosevelt probably will have 325 electoral votes as the result of yesterday's balloting. This estimate, however, may be increased by eighteen votes from Missouri when returns from that state shall have been completed.

MASSACHUSETTS.

BOSTON, Nov. 9.—The defeat of governor Bates for a third term by Douglass, the democratic candidate and the tremendous vote cast throughout the state were the noteworthy features of yesterday's election in Massachusetts. Mr. Douglas will be the first democratic governor elected since 1892.

With one ward and one small town missing, the vote for president was: Roosevelt, 257,446; Parker, 168,417; Roosevelt's plurality, 89,501.

WEST VIRGINIA.

WHEELING, W. Va., Nov. 9.—It is

admitted by democratic headquarters that Roosevelt has carried West Virginia by a majority of 10,000, but it is claimed that Cornwell, democrat, has defeated Dawson, republican, for governor and that possibly the entire state ticket may go into office on the anti-Dawson wave. The republicans have the legislature on joint ballot, but by reduced majority, insuring the return of N. B. Scott to the senate. Republicans have elected three of the five congressmen, while the democrats claim Walker wins over Dayton in the Second and Murdock over Woodyard in the Fourth.

NEW YORK.

NEW YORK, Nov. 9.—The latest returns from New York state, with some districts missing, indicate pluralities of 168,791 for Roosevelt and about 74,000 for Higgins. Roosevelt has approximately 206,000 outside of the greater New York, while Parker's plurality in the city is less than 38,000.

COLORADO.

DENVER, Colo., Nov. 9.—Estimates based on the returns received up to 9 o'clock today indicate that Roosevelt's plurality in Colorado will be about 20,000, and that Alva Adams, democrat, will have at least 5,000 plurality over Governor James H. Peabody, republican, for governor.

Returns on the scratched ballots, estimated to be more than 50,000 in the state, are coming in slowly. So far as counted, the ballots average two to one in favor of Adams. Peabody loses many counties which have always been considered republican.

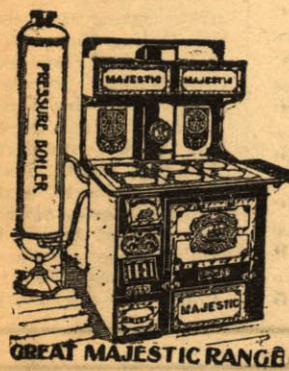

SALT LAKE CITY, Utah, Nov. 9.—Partial returns from fifty voting districts of the state, mostly Salt Lake City, give Roosevelt 7,550 and Parker 4,204. If this proportion is kept up, Roosevelt's plurality in the state will exceed 15,000. The entire republican state ticket is elected by majorities considerably less.

REPUBLICAN GOVERNORS.

Republican governors were elected as follows:

Connecticut, Henry Roberts.
Delaware, Preston Lea.
Idaho, Frank R. Gooding.
Illinois, Charles S. Deneen.
Indiana, J. Frank Hanley.

Kansas, Edward W. Hoch.
Michigan, Fred M. Warner.
New Jersey, Edward Stokes.
New York, Frank W. Higgins.
North Dakota, E. Y. Sarles.
Utah, J. C. Cutler.
Wisconsin, R. M. La Follette.
Wyoming, Bryant B. Brooks.

Appearance

Some women buy a steel range because it looks attractive as it stands on the store floor. Lots of nickel plating to show it off and catch the eye. Did you ever stop to consider how much this nickel plating cost? How hard it is to keep clean? How much it improves the Cooking Quality of the Range?

The Majestic Manufacturers

do not believe in this nickel trimming, they spend their money on improving the inside of their range. Don't you think it worth considering such matters? :

THE STATE ELECTION

Mead's Majority about 7000—Carries Nearly Every Westside County.

SIX EASTERN COUNTIES.

SPOKANE, Nov. 9.—The following pluralities in eastern Washington counties are indicated at 2 p. m.:

Asotin, Mead 50
Ferry, Turner 150
Lincoln, Turner 500
Spokane, Turner 3,500
Walla Walla, Turner 125
Whitman, Turner 1,500

All returns are coming in slowly. Turner's pluralities in eastern Washington counties will not be as large as has been claimed.

WHATCOM COUNTY.

BELLINGHAM, Wash., Nov. 9.—3 p. m.—The Herald now places Mead's plurality at 3200 in Whatcom county. The republican county ticket is elected, with the possible exception of sheriff.

CHEHALIS COUNTY.

ABERDEEN, Wash., Nov. 9.—3 p. m.—It is certain that Chehalis county will give Mead 800 plurality.

PIERCE COUNTY.

TACOMA, Nov. 9.—At 10 a. m. returns from 47 precincts in the city and county give Mead 1200 majority. The country precincts are coming in strongly for Mead. With 48 precincts to hear from, it is estimated by County Auditor Davis that Mead's majority will easily reach 2,500 in the county.

Out of 47 precincts reported, Turner has carried only nine.

KING COUNTY.

SEATTLE, Nov. 9.—3 p. m.—King county is at this hour claimed for Mead by 6,500 votes.

Returns are coming in rapidly and republican enthusiasts are asserting that these figures will be verified by the final reports.

DEMOCRATIC GOVERNORS.

The democrats elected governors as follows:

Florida, Napoleon B. Brozard.
Massachusetts, William L. Douglas.
Minnesota, John A. Johnson.
Montana, Joseph K. Toole.
North Carolina, Robert B. Glenn.
South Carolina, D. C. Hayward; no contestant.
Texas, S. W. T. Lanham.

ROOSEVELT WILL NOT BE A CANDIDATE AGAIN.

Washington, D. C., Nov. 8.—President Roosevelt, tonight after the election returns clearly indicated the results, issued this statement:

"I am deeply sensible of the honor done me by the American people in thus expressing their confidence in what I have done and have tried to do. I appreciate to the full the solemn responsibility this confidence imposes upon me and I shall do all that in my power lies not to forfeit it. On the fourth of March next I shall have served three and one-half years, and this three and one-half years constitutes my first term. The wise custom which limits the president to two terms regards the substance and not the form, and under no circumstances will I be a candidate for, or accept another nomination."

Attention Knights of Pythias.

All members of North Yakima Lodge No. 53, K. of P., and visiting Knights are requested to meet in Castle hall today at 1 p. m. to attend funeral of Knight J. E. Fisher.

C. M. HAUSER, K. R. and S.

Funeral of John Fisher.

The funeral services over the remains of the late John E. Fisher will be held this afternoon at 2 o'clock from the Presbyterian church under the auspices of the Knights of Pythias lodge. Rev. F. L. Hayden will officiate. Interment in Tahoma cemetery.

G. F. Bliss, assistant engineer in the reclamation department, left here Sunday for Spokane. He expects to make a trip to Washington, D. C., and also to his home in Connecticut. He will return to Spokane later in the winter.

GRANT ELECTED SHERIFF

Runs Away From His Ticket—Balance of Republican Ticket Elected—Rigg and Reed Have Small Majorities in County.

The entire republican ticket with the single exception of Sheriff R. A. Grant was elected in this county Tuesday. Complete returns from all the precincts in the county except Bedrock, Rattlesnake, Mt. Adams and Tampico give Grant for Sheriff a plurality of 421 over H. A. Webber. Grant's majority will probably be increased by the returns from these precincts. Yakima county has gone over 600 majority for Mead. Roosevelt carried it by more than 2,000. Walter J. Reed and H. B. Rigg ran behind their ticket. Mr. Rigg lost North Yakima by 29 votes. Mr. Reed defeated Mr. Splawn 1 vote in this city. Krutz carried the city by 146 votes over McAulay.

THE CITY VOTE

North Yakima Treated the Democratic Candidates with Consideration—The Vote by Precincts.

The rural districts of Yakima county saved some of the republican candidates from defeat last Tuesday. The city of North Yakima was very close in several cases and although running strongly republican for the head of the ticket, Hon. A. J. Splawn, Judge E. B. Preble and Sheriff R. A. Grant polled a very large vote. Grant and Preble both carried the city and Senator Splawn lost it by one vote. Following is the vote by precincts on the following candidates:

REFLECTIONS ON THE ELECTION.

The result of the national election amply demonstrates the fact that Mr. Roosevelt is popular with the people or at any rate that he is a good deal more popular than his late opponent.

There can be no other way to account of course, for the phenomenal vote that he has received in every northern state than through the fact that Democrats by the tens of thousands who were dissatisfied with the nominee of their own party voted for Mr. Roosevelt, not because they particularly like the man but for the reason that they wouldn't stand for Parker. The terrific landslide can be accounted for in no other way.

The defeat of Judge Turner and the Democratic state ticket, we believe, is a matter that the producing element of this state will have serious reason to regret. There was a great issue at stake in the state of Washington and a majority of the voters have decided adversely on it. The Democratic party took an open and manly stand in favor of proper regulation of the railroads of the state and the Republican party assumed the position that the railroads do not stand in need of regulation. On that issue Judge George Turner, not only the ablest Democrat in the state, but the ablest champion of the rights of the people made the race and has met with defeat. Tuesday was a bad day for the cause of self-government in this state.

The Democrat has no fault to find with Mr. Mead as governor elect. We had no faith in him as a candidate and opposed his election savagely. We are inclined to give him credit for being a man of good intentions, but distrusted him on account of his political and social affiliations. His connections with the railroad managers, we believed, were so close—a fact that has never been successfully denied—that we could not see how he could in reason be expected to stand for the reforms in railroad regulations that the people of eastern Washington so urgently demand. Now that he is elected, however, and is to be our governor for four years this paper will endeavor to judge his acts fairly. If he shows any inclination to give the people of eastern Washington justice in the matter of railroad regulation this paper will applaud the effort and give the new governor due credit therefor.

A number of very excellent men went down to defeat on the Democratic county ticket Tuesday and the editor of this paper is pleased to say this without reference to himself. We believed throughout the campaign and we believe now that it would be immeasurably better for the interests and the welfare of the people if these men who went down to defeat on the Democratic ticket had been elected. Like other good citizens, however, we bow to the will of the people and trust that the newly elected officials will render the public satisfactory service.

The Wilson-Mead push were clever enough to work the old time jealousy between King and Pierce counties in the election of the governor. The story was freely peddled in Seattle that if King county was to have the next U. S. Senator that she must show up a strong majority for Mead. A similar story was circulated in Tacoma, the difference being that the pressure was brought to bear there on Foster and his friends. Sure enough this political blackmailing scheme worked as planned. The malcontents were whipped into line in both counties with the result that Mr. Mead becomes governor and the real will of the people has been frustrated. It's a sorry as well as a rotten state of affairs.

The three gentlemen who have been elected to represent this county in the legislature have promised the people from the stump that they will vote for a railway commission bill. We do not understand that any of them agreed to use their influence, outside of their vote, in that direction, so too much ought not to be expected from the delegation.

Messrs. Reed, Hare and Johnson will be expected to make good on this proposition and the Democrat trusts that they will. If they do and aid in passing an honest bill this paper will give credit accordingly. If they fail to keep their pledges this paper can be trusted to tell its readers all about it. But let us hope that they will not fail.

It has been suggested to Sheriff Grant that he ought to purchase Col. Robertson a suit of clothes or in some other manner seek to suitably reward

the editor of the Republic for the timely and invaluable assistance rendered him in his campaign. In spite of his splendid record and his great popularity the Sheriff would very likely have went down to defeat along with the rest of the crew had not the tall Colonel gallantly come to his rescue.

Yakima county last Tuesday cast over 4100 votes, which number is about 1000 greater than was cast at the election of two years ago and is from 100 to 300 more than was estimated by the local politicians would be cast. We doubt if any other county in the state outside of King can show as good a rate of increase.

The editor of this paper, who was one of the victims of Tuesday's landslide, returns thanks to his numerous friends for their support in the late campaign. We didn't get enough votes by several hundred it is true, but we got a few hundred from the opposition which we very much appreciate.

Teddy Roosevelt's popularity, whether it be real or imaginary, has swept agood many job lot politicians into high places.

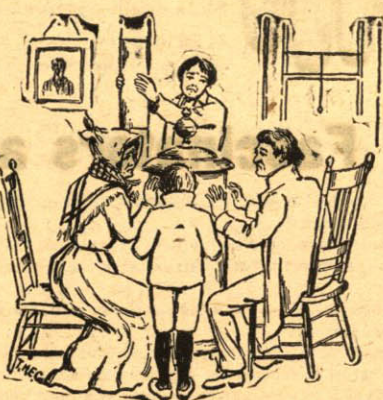

NEW YORK IN 1920.

Greater New York will have a population of 6,191,250 in 1920, according to a sober prediction made by an engineer on national reputation. By the figures on which he bases his estimates this means an increase in the population of the metropolis of 2,357,251 in habitants. If one can imagine a monster city as large as London with all its environs, a city capable of containing the combined populations of Paris, Berlin, St. Petersburg, Dublin, Butte, Mont., and Paterson, N. J., or, to take another view, a city with a population within 100,000 as large as that of the state of Pennsylvania, or one as large as the combined populations of Alabama, Indiana, Wyoming, North Dakota, and Hawaii, one may obtain an idea of the immensity expressed in these seven figures. If we add to this the possibilities of a series of wonderful transportation systems, uniting almost within the hour New York and Philadelphia, with its increased population of 2,000,000, into practically one mighty municipality, with a chain of big Jersey cities, like Jersey City with 450,000, Newark with 400,000, Elizabeth with 150,000 and scores of smaller places, we may have a vision of the future more marvelous than the dreams of the most daring romancer.—Kansas City Journal.

BIG MONEY IN HOPS.

Washington and Oregon hops are in strong demand at high prices. The hop grower is being paid upwards of thirty cents a pound for his hops at prevailing prices. Washington hop fields are bringing in returns of \$350 an acre this year at present prices. So urgent is the demand abroad owing to the failure of foreign crops, that it is said that large remittances have been made for the purchase of hops without waiting for the usual inspection of samples. Foreign consumers are eager to secure supplies, fearing that the shortage will continue another year. Fortunately the Pacific Northwest has a large crop of excellent quality, the sale of which will add largely to the prosperity of the hop growers in this section of the country. The hop crop of 1904 will add materially to the wealth of the Puget Sound valley and other sections of western Washington and Oregon.—Tacoma Ledger.

A Rare Old Book.

The second book printed in the English language was "The Game and Playe of the Chess," which the title page says was "Fynysht the last day of Marche, the yer of our lord god a thousande foure hundred and LXXIIJ." Only twelve copies of the work are now known to exist. In 1813 an Englishman of the name of Alchorne sold his copy for a sum equal to \$270 in United States currency. Fifty-six years later, in 1869, the same volume (an imperfect copy) was sold for \$2,150. The British museum has refused an offer of \$10,000 for its copy, which is imperfect to the extent of having seven leaves missing.
