

LET'S BE HEARD COMMITTEE

P. O. Box 3115

Union Gap, Washington 98903

Dear Fellow Taxpayer:

If you are opposed to increased taxes, you need this Committee and this Committee needs you.

By responding to our suggestions below, you will be joining a statewide "team" which will indeed be heard - loudly and clearly.

We urge you to:

1. Write to each of your legislators, listed below, and state your opposition to a State income tax or any increase in other taxes.

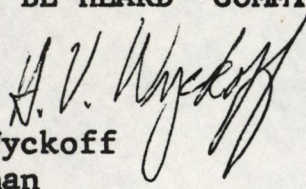

You might wish to bluntly state that you will oppose the re-election of any legislator who votes for more taxes. No high-sounding letter is needed. Any words which spell out your attitude will do.

Normally, it might seem futile to write a "lone" letter. This is exactly what this Committee is all about. A copy of this letter is being sent to thousands of your "team members." Please join their effort and assure that an avalanche of mail will hit Olympia.

2. Have your friends sign the enclosed form and return it to us.

Yours for sensible government.

"LET'S BE HEARD" COMMITTEE

A STATE INCOME TAX. . . DO YOU FAVOR IT?

Here's YOUR Chance To Be Heard!

Most voters know our tax load is too heavy. New tax proposals are as near as the current legislative session. You can be assured that unless you speak out now, you will, without question, be hit with more and more taxes.

We intend, through your support of this petition, to let your legislators know you disapprove of a state income tax, or any increase in other taxes.

If you are for economy in government, instead of more and more taxes, have your neighbors sign this petition and return it to this committee. Your contribution to a heavy response to this petition will, in effect, serve notice on our legislators that should they fail to heed our call for economy, they may expect vigorous opposition in future elections.

Let's Be Heard Now!
