State Fair Notes.

The state fair premium list is being circulated by the secretary, Dr. Gunn, and the farmers are taking more interest than ever before in the premiums offered. The commission has offered better premiums for exhibits this year and made many more classes. Every possible chance is given the producers for getting good prizes on individual specimens and collections of fruit, vegetables and farm exhibits. Every variety of apples, pears, plums and prunes has a separate classification and good premiums are given for each. This enables the man with only a dozen trees to compete for prizes the same as the commercial orchardist.

The interest in a county exhibit has extended to agricultural counties throughout the state. There will probably be several fine displays of counties at the fair this fall. Among the counties interested are Pierce, Clarke, Walla Walla, Chelan, Columbia and Whitman. Of course Yakima will be well represented, but will have to put up a fine exhibit to carry away the first prize of the \$600 purse.

The secretary is writing to stockmen throughout the northwest asking for exhibits of all kinds. The indications are that the stock exhibit will include much better and larger classes than at any previous exhibition. Almost the entire list of prominent breeders will be here this year because the premiums are larger and the inducements greater.

A roll of 500 pounds of lithographs for the state fair has reached the secretary. They were made by the great show printing house of Donaldson Lithographing Co., New York, and are fine specimens of lithography. They will be distributed to the bill posters throughout the state and placed in every conspicuous spot.

Hurt by a Rail.

A. Guntola, an Italian about 30 years of age, sustained a severe injury to his right leg Wednesday morning about 10 o'clock as a result of a steel rail falling upon it. The limb was not broken but was badly bruised. He was in the employ of the railway company. He was taken as soon as possible to Tacoma for medical, or possibly surgical treatment. The accident happened near Toppenish where a large force of men is engaged in laying track and loading the old rails on cars. In the latter operation one of the rails fell on Guntola's leg.

A VICTORY FOR YAKIMA

Ball Team Defeats Ellensburg, 20 to 3. Other News of Diamond.

Last Sunday the Yakima base ball team crossed bats with the Ellensburg team on the Yakima grounds and won a decisive victory over their opponents by a score of 20 to 3, thus demonstrating conclusively their superiority over the representatives of the windy city. The game was an interesting one and was well attended.

The Yakima players are: Dustin, Behrens, Dunbar, Wilgus, Shaw, Morrison, Stacy, Grafton and Hicklin.

The members of the Ellensburg team are: L. Shoudy, W. Zetache, J. M. Dewiscourt, W. Rogers, F. Gilmore, J. Dewiscourt, R. A. Weaver, C. Shoudy and T. Gilmore.

Two games had been announced, one Saturday and one Sunday, but circumstances prevented the playing of the former.

The Walla Walla team will play the Yakima boys tomorrow and Sunday and exceptionally interesting games are expected. The Yakima team has been practicing since the last game and is better prepared than ever to make the contest a lively one.

It has developed that the so called Ritzville team, which played here a short time ago, was composed of about two Ritzville men and the remainder from elsewhere, largely Spokane.

Telephone News.

A. C. Sands, the district manager of the Inland Telephone & Telegraph Co. was in the city Wednesday and from here drove into the lower part of the valley to establish several new offices.

Mr. Sands says that work on line between here and Prosser will be completed in a short time but this year it is not the intention to extend the system any farther toward Pasco, although the officials of the company are considering the establishment of a branch line to Cleland and Bickleton.

Of telephone matters in general Mr. Sands said, "Poles will be on the ground in a few days for a cut-off line east from Cleland to a place on the Great Northern, to connect with the Spokane line. This cut-off will not be more than 25 or 30 miles in length and will make the telephone distance from here to Spokane about 250 miles and shortens it by about 600 miles, as it is now necessary to make connections around by way of Tacoma, Portland and The Dalles. It was said at the time the Yakima-Pasco extension was announced that the object was to connect with the Spokane line, but while this was true in a measure the principal object was to connect with Walla Walla and south easterly Washington. We find our lines in this part of the country doing well but the long distance wires are not in use as much as they will be after a while when the people get more accustomed to them and find how extremely convenient they are. The office at Yakima City will be open this week."

Accident Caused by Lightning.

Last Saturday afternoon as a thunder storm was passing over the Cowlitz valley a bolt of lightning struck in the hay field of the Tom Fear ranch, knocked a boy down and frightened a team attached to a hay wagon so that a runaway was started. As a result of the runaway Ira Scribner was thrown of the load of hay and sustained a dislocated ankle and two broken bones in the leg. The injuries are of a painful nature and Dr. Gorden found the broken member difficult to set. Scribner at the present time is getting along as well as could be expected. There were several men working in the field at the time of the lightning, but none saw the bolt strike. One man said he experienced the sensation of having a bird fly swiftly within a few inches of his right cheek. The boy knocked down by the force of the bolt was standing not far from where the man referred to was working.

An Exhibit of Yakima Fruit.

Orlando Beck has been asked to prepare an exhibit of Yakima fruit for the Elk's carnival, which will be held at Tacoma next month, from the 14th to the 24th. Quite a large space has been set aside for Yakima county and Mr. Beck thinks it would be a good advertisement to fill the space with fruits and other products of the county which will be ready for exhibition at that time. He asks all who have fine specimens which they wish to contribute to notify him as early as possible. All exhibits will be made with the names of the growers, and they will be displayed to the best possible advantage.

The Contract Let.

The contract was let last Friday for the construction of a 15 mile extension of the Portland, Vancouver & Yakima railroad. The specifications require the third of the five mile sections to be finished by the middle of December of this year. The new terminus of the road will be at the edge of one of the finest bodies of timber in southwestern Washington, to tap which is the reason for the extension at this time. The line will extend diagonally across Clark county and will furnish an outlet for a large farming region lying north of the Lewis river.

M. N. Richards of Nob Hill, who went to St. Paul a few weeks ago as a delegate to the Modern Woodmen national convention, returned home last Sunday morning. After the big meeting he visited relatives in Illinois, near Chicago. He was there at the time of the great heat wave and says that crops are in a bad way and will be a total failure unless rain comes soon. The heat at that time was intense and the weather was exceedingly warm when Mr. Richards left for the west. He says that the Modern Woodmen convention was a success in all particulars. The great parade was one of the largest ever seen in the United States.

WILL FOUND A NEW ORDER

Local Parties to Organize the American Fraternal League.

A number of local gentlemen are making arrangements to found a fraternal and beneficiary order with headquarters in North Yakima. The association is to be called the American Fraternal League. The proposition seems to be meeting with such general favor throughout the town and country that it is thought the order will be formally organized next week.

Many of the details of plan have been decided upon and are about as follows: The society is to pay a benefit of \$500 at the death of any of its members, but aside from this will pay on the day following the member's death a funeral benefit of \$100. The advantages of this arrangement are obvious. The society will provide for payments in case of accident at the rate of \$25 a week up to half the face of the policy, \$250. If a member loses an arm or leg he is to receive \$250, if a hand or a foot \$100. The dues are to be from 50 cents to \$1 per month. The promoters of the scheme have had much experience in beneficiary organization and are enabled to take from the great number of such orders the best points and exclude the more undesirable features.

Those interested in the proposed order are not at liberty to say who has been agreed upon for president, but Joel Shomaker will be the secretary and Dr. Frank the physician. Mr. Shomaker says of the American Fraternal League: "North Yakima sends out every month \$1000 for fraternal insurance. A large part of this might just as well be kept in this city. It certainly would be a good thing for the place and it can be done easily. As an instance of the benefit of a town look at Rock Island, Ill., the home of the Modern Woodmen. Each year \$10,000,000 go to that place and much is left there through the salaries of the officials and the buildings. North Yakima might just as well do something of this kind, but it is intended to beware of the mistakes of other lodges and to go at the thing in a modest way. I am confident of the success of the order."

ADDITIONAL LOCAL.

George Donald spent several days of this week on the sound.

Mr. and Mrs. Walter Tunesley returned Monday from the sound.

Miss Amy Scott is spending a few days with friends in Ellensburg.

William Taylor of the Swank mining district was in the city Monday and Tuesday.

Mrs. George Rodman of Sunnyside was in the city Monday with her son Charles.

Drayton Marsh of Ellensburg came down Sunday to see the Ellensburg-Yakima base ball game.

Mrs. W. W. Robertson and two children left last Saturday to spend the summer in Chehalis and Olympia.

Mrs. C. H. McCoy came home from Seattle last Monday afternoon much improved in health as a result of her stay in that city.

Miss Davidson and Miss Margaret H. Davidson of Bismarck are staying at the Yakima hotel this week enjoying the climate of Yakima.

County Treasurer Dudley announces that bonds to the amount of \$2000 on school district number 44, located near Sunnyside, will be sold tomorrow, July 20.

John Carpenter of the Wenas, who returned home from Dawson City a short time ago, will go north again next month and may be accompanied by his family.

Mrs. Matt Bartholet gave a musical Tuesday evening for her guests, Mr. and Mrs. W. L. Connolly of North Yakima, relatives of Mr. Bartholet, who have just returned from Europe—Ellensburg Correspondence of the Post Intelligencer.

Goldendale Sentinel: Frank Chatfield is here from North Yakima making arrangements to settle up the estate of his father. It is reported that County Attorney Darch has a list of the names of those who have been frequenting the "club rooms," and that they will be called to appear before the next grand jury.

Ellensburg Capital: Austin Mires was elected president of the state Bar association at Spokane this week. Next year's meeting will be held in Ellensburg on August 5th. The report comes down from Dawson that Tony Krober, who went up there two years ago, has struck it rich and can come out any time with from \$50,000 to \$75,000.

Ellensburg Capital: Thursday morning the furniture store of Tripp & Jackson's in the Honolulu block was destroyed by fire. The stock was valued at \$3000 and had insurance to the amount of \$2000. The building was damaged to the extent of \$1000. Mr. and Mrs. William Copoley of North Yakima are visiting Mr. and Mrs. Matt Bartholet.

Prosser Record: Rumor says that the surveyors are at work on the extension of the Sunnyside canal, which we hope is true. William Badger came down from the county seat Monday to visit old friends. Grandma Reed had a narrow escape from poisoning last Monday night by mistaking creosote for cascara, and taking a large dose.

Prosser Record: An attempt was made last Friday night to break open the safe in the office of the St. Paul & Tacoma Lumber Co. The burglars drilled two large holes near the dial plate, but evidently they were frightened away without finishing their job. Contractor Burlingame has finished distributing the telephone poles from North Yakima to Prosser for the Sunset Telephone Co.

The family of J. Marchidon arrived in the city this week from Red Lake, Minn. Mr. Marchidon is the night policeman.

H. L. Tucker returned Tuesday from Medical Lake, to which place he had been to take an insane Indian to the asylum.

Deputy Marshal Dilley took two prisoners, Donoho and Krorlich, to Spokane Tuesday for trial before the United States court.

The Rockwood Creamery company has gone into the general milk and cream business, and has put on the route a large new delivery wagon.

The stone work for the first story of H. L. Tucker's building on Front street has been completed. The second story probably will be finished in a week more.

County Commissioners Frank Horsley and W. I. Lince went to Kiona Tuesday afternoon to adjust a county road difficulty which has been causing trouble for the last two years.

Sunnyside Sun: Miss Clare Kingsbury goes to North Yakima Saturday, in which place she will visit friends for a short time before going on to Seattle to make an indefinite stay.

Street Commissioner Chappell has had several men at work this week trimming the trees on the principal streets of the city. The foliage grows so rapidly that this is necessary each year.

Chester Barrett was exhibiting a young coyote on the streets Wednesday. The animal stands about 12 inches high. It seemed much averse to the civilization of the town as it made frantic efforts to get away from its owner.

Dan Goodman this week purchased of P. J. Bawalda 40 acres known as the I. X. L. tract. Also J. H. Hatfield of Montesano bought 15½ acres of land from F. W. B. Hienkamp. Both sales were made through Barge & Wilkinson.

A. S. Johnson of Tacoma brought his family to North Yakima yesterday and they will stay for a few weeks on the Selah valley ranch while he returns to Tacoma to look after his business interests. He owns a large paint store in that place.

George Donald, Edward Whitson and W. E. Ayres, the property owners on C street between First and Second, have had the street in front of their property graded this week. The newly turned earth has been covered with a layer of cinders.

Hon. W. L. Jones passed through here Tuesday afternoon on his way to Sunnyside, in which place he had business. He returned to North Yakima Wednesday afternoon. Mr. Jones has been traveling over the western part of the state since the 1st of July with the rivers and harbors committee of the house of representatives. The committee is now on a trip to Alaska.

It was understood at the Yakima post office that the Ahtanum rural delivery route would be in operation on the 1st of July. The carrier was appointed several weeks ago, at the time the route was laid out, but no official notice has been received allowing him to take up duties. It is probable that the delay is caused by the great rush of business in the department at this time, the end of the fiscal year.

Although the last legislature did not specify a penalty for disobedience of the "Hunters' License" law that feature is provided for in Ballinger's code as follows: Sec. 7435, "Every person who is convicted of a misdemeanor, the punishment of which is not otherwise prescribed by any statute of this state, shall be punished by imprisonment in the county jail not more than one year, or by a fine not exceeding \$200, or by both such fine and imprisonment." And Sec. 6776 says, "When the performance of any statute is prescribed and no penalty for the violation of such statute is imposed, the doing of such act is a misdemeanor."

C. S. Reed, formerly chief of police in Seattle but now the Republican member of the state board of audit and control, was in the city for a day the latter part of last week. He was the guest of President D. E. Lesh of the Moxee company. Mr. Reed had been at Toppensish the day before, looking after his 400 acre ranch. He says the crop is coming on rapidly, and there will be an enormous yield. Nearly 250 acres of the ranch are producing oats. Little of the remaining land is under cultivation. Mr. Reed now lives in Olympia as his duties on the board require all of his attention. Ernest Lister and Henry Drum are the other members, with Governor Rogers the ex-officio chairman. Mr. Reed says he has not been taking much interest in the recent tragedy in Seattle, which resulted in the death of his successor, and does not know any more about it than the papers contain.

Miss Myrtle Baker, one of Yakima county's efficient teachers, left last week for a visit with friends at Tacoma.

Mrs. Kittie Hedges, and children of Indianapolis are spending a part of the summer with Mrs. Hedges' mother, Mrs. Rowe, "down on the farm."

If the bachelors' club of the Selah valley has any idea of branching out it would be well for it to send a representative over here as there is plenty of good material.

The right man in the right place is evidenced by the condition of the highways in the lower valley this summer. Mr. Clark has certainly earned his salary as well as the good will of the taxpayers.

Of all parties that have passed on the way to the mountains, the most jolly at the same time the hardest looking, outfit passed Saturday, chaperoned by Hon. Ed Whitson and Miles Cannon, anyhow we suppose they were the chaperones, as one handled the reins on the trip and the other down. The need of two chaperones was occasioned by the presence of W. W. Robertson and Attorney Rudkin. It is only fair to state that all were sober enough to ride home in a hack Sunday evening.

It now looks as if the bachelors club was soon to lose one of its members, as we notice one of that order is paying strict attention to business.

Considerable talk is going the rounds of our settlement adverse to Sunday ball playing. Think about it boys and take another day for your pleasure.

Persons who have been absent for a time would note with surprise the many changes for the better in this valley. Truly we are a favored people.

Wars and rumors of wars. Mr. Cliff of the Selah Ditch Co is now armed to the teeth. A Winchester strapped to his back, a 44 in the holster, a club over one shoulder and a shovel over the other, comprise the load. Peace and quietness prevail along the ditch.

Many a protest is being made by those compelled to travel the grade because of the location of the rock crusher. It has been predicted that there will be damage suits against the county for allowing this menace to safety to be operated so close to a much used road.

Children's day exercises will be held in Sunnyside in the morning of July 27th. The exercises promise to be very entertaining.

Rev. H. M. Bartlef of North Yakima preached Sunday evening at the school house. Other services were dispensed with Sunday morning and all went to the German Baptist church.

Mrs. McDonald who has been on the sick list for the week past, is staying with her daughter, Mrs. Esther Webber, while Kittie has the maternal care of the three little Fleming girls who are boarding at the Donald home.

Mr. and Mrs. S. J. Harrison entertained a number of our young people this week. To say they were royally entertained and elaborately feasted would be saying what everybody knows who has been entertained at the home of S. J. Harrison. What a satisfaction it is that there are some who are continually striving to make the world happier and better.

Wednesday the neighbors, friends and Christian Endeavor society planted Miss Goins' land and Dr. Harvey opened his home for a union feast. Friday evening the Christian Endeavorers held a social in the same home and Saturday morning the children met there to practice for children's day. Sunnyside is glad that

the doctor and his estimable wife have plenty of room in their new home since they have been given such large hearts.

FRUITVALE.

Howard Wright claims he is the first man to ship peaches and apricots from this neighborhood, while Charles Perry is a close second.

Some twenty or more of the ranchers in this vicinity held a bee this week and cleared away the obstructions at the source of their water supply. The Naches has so piled up the sand and rock that little water enters the mouth of the Shanno ditch.

A blight is damaging the tomatoes. It is far more general than heretofore. Some of the ranchers are experimenting by spraying with paris green. This they do by taking a pound of the poison and putting it in a gallon of water. This is shaken well and a tablespoonful is taken to a ten quart spray can of water. This they use every few days and whether it will save the tomato crop or not remains to be seen.

Morrison vs. Morrison.

The case of Walter F. Morrison, jr., against Walter F. Morrison, sr., has been brought into prominence within the last week by a decision of the supreme court which permits the case to be tried in the superior court. The case is one which has been in the courts of the county for years and has excited much comment. Dr. W. F. Morrison lived in North Yakima for many years and acquired considerable property. In 1887 his wife died leaving a will which stated that she bequeathed everything to her husband. The will contained no mention of her children, Louise Gertrude, Ethan Allen, Walter F. and Madeline Morrison. Dr. Morrison found some difficulty in transferring the property and took the will into court. A copy of the complaint was served on each of the children but at that time they made no defense. Soon after the majority of Ethan Morrison he filed a suit against the original decree. This, on account of several technicalities, was overruled and it was decided that the children had no legal status in the courts. Walter F. Morrison, jr., took up the case and carried it into the supreme court from which the decision referred to was handed down. This reverses the decision of the lower courts and allows the plaintiff a hearing. The case involves the title to several tracts of land, much of which has been sold since the death of Mrs. Morrison. One of the pieces of land lies about a mile south of town; another is in the Moxee and embraces the Hiscok ranch. The Morrison family now lives in Spokane, Whitson & Parker are attorneys for the First National bank and other claimants and Graves & Englehart for the plaintiffs.

Accident at Fort Simcoe.

A serious runaway accident occurred this week at Fort Simcoe, in which Miss Ball, a teacher at the fort, was thrown from a carriage and sustained several injuries, and a Carson boy, six or seven years of age, was also hurt. Miss Ball, Miss Mackey, who is another agency teacher, Mr. Carson and the boy were out for a drive when the runaway happened.

Forest Superintendent Sheller is quoted at considerable length this week in the Tacoma papers on the subject of disposing of the logged off lands in the state of Washington. The forests are cut down for the timber and then the lands are deserted and the owners will not pay the taxes. In this way large areas are becoming of no value whatever, whereas if they received any attention or protection a new growth of trees would spring up. Mr. Sheller's idea is that the counties in which these lands lie should lease or sell at a nominal sum as much of them as possible and induce the owners to cultivate the land or protect the timber. It is this way it would be but a comparatively short time until these districts would be re-forested and the state would not lose its valuable timber. The papers compliment Mr. Sheller on the fact that no forest fire of any consequence has occurred since his appointment as superintendent.

Mrs. James, mother of E. E. James, left yesterday morning for Castle Rock to spend two or three weeks with another son who is in business in that place.

Points in our favor.

Milk for home consumption which comes from good, healthy young Jersey cows, on good pasture and alfalfa, is better than milk which comes from any old kind of cows, is handled by a dozen or twenty farmers in as many ways, and then mixed for the consumer.

Milk properly handled

with due regard to cleanliness, carefully cooled, and put in clean bottles, and which has had no coloring or chemical preservative put in it, is as good milk as any housekeeper can buy for family use.

Mr. and Mrs. D. E. Siegrist of Salt Lake City, Utah, have come to North Yakima to make their home. Mr. Siegrist and his father were here last summer and were very much taken with the valley. The old gentleman is now in Oregon, but expects to come here in a short time.

Mrs. W. A. Bell, Mrs. Alexander Miller, Mrs. G. S. Rankin, Mrs. J. M. Perry, and Mrs. E. B. Watt are spending the week near Soda Springs. The husbands of these ladies except Mr. Miller and Mr. Rudkin accompanied the party to the springs last Saturday and will return for them next Saturday.

A young man claiming to be from Tacoma was arrested Monday and detained until the next day charged with vagrancy. The officers thought they could prove, from his likeness to a picture in their possession, that he was an eastern criminal who has 14 separate indictments out against him. The consensus of opinion, however, was that the resemblance was not sufficient to warrant holding the man longer and he was released.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional treatment on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Yesterday the thermometer registered 97 degrees.

A. L. Slemmons of Ellensburg was in the city yesterday.

B. F. Reed of Ellensburg was registered at the Bartholet yesterday.

Miss Grindol was among the Ellensburg visitors to Yakima this week.

A son was born Wednesday, July 17th, 1901, to Mr. and Mrs. Frank Nelson.

T. G. Redfield, the optician, is spending a couple of weeks in the mountains.

Robert Stealy of Danville, Ill., spent the week with his aunt, Mrs. Vestal Snyder.

Mrs. Joseph Ditter is back in Yakima after spending two weeks with her parents in The Dalles.

Miss Annie Bartholet of Ellensburg returned to her home yesterday after a short visit in Yakima with her friend, Miss Frances Schorn.

T. S. Cooper of Outlook has gone to Republic, where with P. J. Flint he has interests in mining property. He will be gone until September 1.

A game of base ball has been arranged between the saloon men of North Yakima and those of Ellensburg. The game will be played in the latter place, Sunday, July 27.

Col. J. D. Medill of the Democrat was in Seattle yesterday on his way home to North Yakima. Mr. Medill left here two months ago for the Porcupine district in Alaska.

Lee Powell returned this week from Alaska. Mr. Powell expects to go north again in a few weeks and he may be accompanied by Mrs. Powell and her sister Miss Taylor.

The young people of the Christian church will give a croquet party at the home of Rev. Walter Crockett on Tuesday evening, July 23rd. All are cordially invited to come.

Mrs. David Rosser and son Leslie are the guests of Rev. Robert Warner and wife in The Dalles. They will take a trip down the Columbia river to Portland before returning home.

William Werlick, a harness maker from Seattle is in the county jail awaiting examination for his sanity. He has many wild hallucinations, but has developed no dangerous tendencies.

Auditor Kelso Wednesday issued a marriage license to Charles T. Sick and Miss Audrey Swan, and the marriage ceremony was performed at 10:30 the same morning by Justice Taggard in the parlors of the Guillard hotel.

W. M. Metcalf and family returned to Yakima this week from an outing at Fish Lake, and left the next day for Tacoma in which place Mr. Metcalf will go into business. If he is able to find a suitable location he will open an art and picture frame store. Mr. Metcalf's friends hope that he will be successful in the venture.

Some time ago Mrs. F. M. Towne made an assignment of her stock of millinery goods to her creditors. Now the creditors have brought action to prohibit the assignee from disposing of the stock of goods and they ask permission to take charge of the goods and dispose of them at a sale. Much litigation is expected before the matter is settled.

Max Jackson, the foreman of the Hisecock hog ranch, has been in Oregon for the last five weeks visiting his family. He returned to Yakima this week. Mr. Jackson says that the prospects for a large crop of hogs in that part of the country are not good as the vines are not in a healthy condition. He believes that the growers do not fertilize the yards as they should.

Two monkeys have been causing annoyance to the residents on Naches avenue lately. Both are good sized specimens and they remain in the trees along the street, jumping down only to frighten some horse by attempting to practice riding on his back, evidently a remnant of circus training. It is supposed that the monkeys escaped from Campbell Brothers' collection of animals when that circus stopped here not long ago. One of the monkeys has been caught but the other is still at large.

The California Oil Fields. C. J. Graham of Oakland, Cal., is in town this week awaiting the return to Yakima of Forest Supervisor Nichols, who for several days past has been in the Rainier reserve. Mr. Graham says his part of the United States has been unusually prosperous this year, except for a temporary business depression at the present time caused by the strikes. He says that causes general business and trade to fall off about 25 per cent. Mr. Graham said yesterday of the oil discovery in his state: "The center of the oil region is Bakersfield, a town about 200 miles from Oakland. The country surrounding that town reminds me of this valley, and the hills there are similar to these here. There are hundreds, and even thousands of oil derricks covering the surface of the country for miles. Some of the most remarkable flows on record have been struck and the prospects are that the wells will continue to produce oil for fifty years to come. The men who have come to great wealth suddenly by their oil holdings have the idea that they can compete with the Standard Oil company, but that organ zation is the great oil distributor of the world, and sooner or later it will control all the output of that region, although it is not the policy of the company to own the wells. It is thought probable that the state legislature will compel all the locomotives in the state to use oil for fuel, as many distinctive fires have been started from the sparks from wood and coal. The San Joaquin valley is the seat of these oil discoveries, but water there is scarce and is prized almost as much as oil. If that valley had as much water for irrigation purposes as there is here it would blossom and bloom from one end to the other."

Why She Objected.—"I'll never go anywhere with a shirt-waist man again," she exclaimed angrily. "Does it shock your sense of propriety?" "Oh, no; I think it looks all right, but—but—" "But what?" "Why, when you're walking with a shirt waist man, he is the one who attracts all the attention."—Chicago Post.

Everybody will always tell a stranger it is very unusual weather, and we never had anything like it before, except one year when it was either warmer or cooler.

REPORT OF YAKIMA MARKETS

Weekly Summary of Conditions in Principal Agricultural Lines.

POTATOES
Potatoes are not coming in rapidly enough for large shipments, and it is just as well as they are hardly firm enough for shipment in carload lots. They are quoted at about \$1 a sack, 100 pounds. Those growers who used seed shipped into the valley do not regret their action as the results seem to have justified. They apply the additional expense incurred at the time. The quality of Yakima potatoes this year is up to if not ahead of that of recent years, and the Yakima potato bids fair for several years hence to be as good as the article which has distanced all competitors in the Sound market.

FRUIT.
The early varieties of peaches are rather plentiful in the market and a few boxes are shipped every day to the Sound. A few growers from this part of the valley have peaches but most of those for sale in town come from the vicinity of Parker. The early peaches are by no means the best product, but the more substantial and better varieties will begin to come in within the next week or two. At present the growers are receiving from 50 to 75 cents a box. The apricots are ripening well and some few are on the market and in the first shipments both east and west. Cherries are almost gone although there are a few fancy ones to be seen in the stores.

SHEEP AND WOOL.
There are no transfers of sheep to report this week. Vessey & McRae say that a satisfactory price was obtained for the lambs which they shipped east a few weeks ago. They will ship about 14 carloads of lambs to Chicago on the 25th or the 27th of this month. The latter shipment is of lambs they raised themselves. The former one was composed of several lots bought from various sheep men. There have been no wool sales in the last week. The market is quiet.

HOPS
The hop growers throughout the county as a rule are well satisfied with the outlook for a good hop crop this year. The weather lately has been satisfactory although the growers would prefer to have the temperature a little higher. It is thought that picking will be no later than usual. President D. E. Lesh of Moxee company said to the REPUBLIC one day this week: "I think that the yield of hops in the company's yard will be greater this year than ever before, at least indications are that way now. Speaking of the hop crop of the valley I should say that it is what might be called spotted; that is it will be good in places and poor in other places. Senator Heinrich of the Seattle Brewing and Malting company has begun the construction of a hop house in the Moxee country for his own use. It is located on the ground offered him by the company several months ago. The house will contain two kilns each 30 feet square and the building will cost about \$2000. I have contracted with the senator to supply him with hops for the next four years. He will require about 200 bales each season. He wishes to cure his hops by a plan resembling the Bohemian method."

OFFICIAL PAPER OF YAKIMA COUNTY

THE POSTOFFICE.

An article in a contemporary last week on the subject of the appointment of a postmaster to succeed Mrs. M. E. Sperry has caused some comment, and it may not be inappropriate to print the facts in the case as a sort of a supplement to the contemporary's effusion.

Mrs. M. E. Sperry is now serving the unexpired term of her late husband, who was appointed in February, 1898. It was the desire of the Republicans of North Yakima, among whom Mr. Sperry had been prominent for a number of years, that his widow should have the place. In response to their request to that effect Congressman Jones had her appointed. Such appointments are for four years, but Mrs. Sperry's resignation, with the date blank, was placed by her in the hands of a well known citizen, with the understanding that it should be dated and forwarded to the department in February, 1902, or at any time thereafter when her successor should be decided upon.

Mrs. Sperry is not an applicant for re-appointment.

Several well known republicans, all of them active party workers, and all of them competent men, have applied for the appointment. There is no fight among them for the place, and it is not likely that there will be one. The appointment is in the hands of Mr. Jones. He will make the selection when the time comes. The candidates believe that he understands the situation fully, and they all express a willingness to abide uncomplainingly by his decision. He says that he has not determined who shall be postmaster, and that he does not expect to consider the matter until after February, 1902.

The statement made in our contemporary last week that Mrs. Hough, a clerk in the postoffice, had been dismissed at the demand of republican politicians to make a place for another is incorrect. No political influences of any kind were brought to bear for the dismissal of Mrs. Hough. If she goes out, as it is said she will in a few days, it will be because she has served the full term for which she was appointed.

COL HARVEY SCOTT of the Oregonian and Col. Jack Wilson of the P.-I. are putting up a pretty stiff scarf. The history of the last round is as follows:

Round 'Steenth—Jack came to center smiling and confident. He batted the Webfoot over the left peeper. Scotty jabbed with his right. Jack's legwork in this round was out of sight. Scotty worked him into the corner and spared for a knockout. With marvellous agility Jack evaded him, and as he scooted past, swatted the old champion in the neck. Scotty went down, but was up in an instant. He was mad clear through and furiously rushed the little man. He hit him coming and going. He smashed him over the heart, whacked him in the ribs, and with a wicked uppercut knocked out a dozen teeth. Jack took his punishment gamely, but he could not stand against the beefy old Portlander. The gong saved him. The round closed with Scotty showing no marks of punishment, but puffing hard. Jack was groggy, but his friends were confident that his wonderful recuperative powers would pull him through the next round.

When this scrap is fought out the victor will retire to his sanctum and write an editorial exploiting the purity of his own motives and the baseness of the other people. Incidentally he will probably advise the little 4x9 country editors to print more news and avoid controversial writing.

THE great strike of metal workers which is now on in the east is not for higher wages. This demand has not been made anywhere. The managers of one plant affected offered higher wages to head off the strike, but the workers refused to accept them. The point at issue is the unionization of the United States Steel company's plants. The operatives demand the right, substantially, to say who shall work in these plants, what the wages shall be, and to make certain other conditions.

It is said to be likely that Dan Lamont will succeed Mr. Mellen as president of the Northern Pacific. Jim Hill, who is now in control of the road, has never been especially friendly to Mellen, and it is asserted, promised that he should be let out long time ago, but was not until just now in a position to make the promise good.

IN THE Ohio state convention of 1900 delegates last week William J. Bryan had six friends. The convention was practically a unit in refusing to mention his name in the platform. His picture was not among those of democratic saints and heroes which adorned the walls of the room in which the convention was held.

RUSSIA has notified the American government officials that the increased duties imposed upon imports of American products will at once be removed if the treasury department will revoke its action placing additional duties upon Russian sugar. Unfortunately the proposition offers no solution to the controversy. The sugar differential is now in the hands of the courts for decision and adjustment, and if it were not the executive department would have to acknowledge its position was untenable as regards the question of Russia paying a bounty on sugar exports, or that the retaliatory action of that government had forced it to recede. Either course could not well be accepted, and some other way will have to be found to obviate the commercial tangle in which the two countries have become involved.

A Well Known Hop Man.

George F. Livesley, a prominent hop dealer both on the Pacific coast and in New York, was in town for a few hours last Thursday. Mr. Livesley says his stop here was for no other purpose than to see the Yakima hop men, many of whom he has known for years. He was on his way to his headquarters in Portland after a trip through the hop producing districts of the state of New York. Among other things relating to hops Mr. Livesley said:

"Generally speaking I found the yards in the Empire state looking exceptionally well, especially those which have received cultivation. I believe that the yield in that state this year will be heavy, just as in all the other states where hops are raised. I have a brother engaged in the hop business in England and Germany and he keeps me informed of the crop prospects there. Reports of the favorable conditions have been coming to this country for several months and it appears that there is little likelihood of a failure in that part of the world. But it seems to me that with the enormous crop which is predicted prices this fall cannot be high, although I am sorry that this is the case. Every hop producing part of the globe is bearing heavily and now it seems that unless there is a failure in the curing the largest crop ever harvested will be on the market this fall.

"With regard to the Yakima hops I would say that they are a good article and stand well in the market. One thing I should like to advise the Yakima growers about is allowing their hops to have a yellowish or rusty color. This is much against their sale as the brewers do not like to accept them. Perhaps if I were using hops I might prefer it to any other color, but the consumers have a prejudice against it, and they are the ones to be humored."

Railroad Land Sales.

The Northern Pacific has published a statement showing the land sales of Washington, Idaho and Oregon for the last fiscal year. About two-thirds of the acreage sold was of lands located in eastern Washington. The sales varied in size from a single section to as much as 30,000 acres, and altogether amounted to 919,912 acres, divided among 1499 purchasers. Something like 300,000 acres of tillable land in the eastern part of this state was sold for cultivation. It has only been in the last few years that the company has been able to dispose of any considerable acreage for grazing purposes, but the over crowding of the ranges and the restrictions on the use of the forest reserves have induced the stockmen to buy their ranges and fence them for their own use. The price of the grazing lands has been from 50 cents to \$1 an acre, and of the tillable lands from the higher figure to \$2 50.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold at The Yellow Drug Store.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would be good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—MRS. CURTIS BAKER, Bookwalter, Ohio. Sold at The Yellow Drug Store.

LOG ROLLING ASSOCIATION

Complete Program of the Celebration Here on July 26th, Next Friday.

The log rolling association has made a fine program of sports for July 26th. The exercises will begin by the serenading of the city by the Yakima brass band at 9 a. m. Parade will form on north Second street and be ready to start at 10:30. The parade will be made up in the following orders: Platoon of police; Yakima brass band; North Yakima camp, Modern Woodmen, with flags and banners; camps of Zillah, Sunnyside, Toppish, Kiona, Goldendale, Parker, Prosser, Bickleton, Ellensburg, Thorp, Clealum, Roslyn, Easton, Swank Prairie, Wenatchee and other points, with flags, banners and uniform teams; Modern Woodmen float; Royal Neighbors with floats and banners representing all of central Washington; Woodmen on horseback and in carriages.

The parade will march south on Second to Chestnut, and all business floats and advertising devices will form on south Second and fall in line as the parade passes. The march will be west on Chestnut to Front; north on Front to Yakima avenue; east on Yakima avenue to Third; north on Third to A, west on A to First; south on First to Yakima avenue; east on Yakima avenue to Second and disband at place of beginning. The parade will be under the direction of Joel Shomaker, master of ceremonies. The marshals for the day are W. W. Pettijohn, Bud Simmons, J. W. Sindall, John Hulse, Jr., Amos Heigh and John Koreski. All business men are invited to have floats in the parade and close their respective places of trade during the ceremonies.

The afternoon exercises will be at the state fair grounds. The band will serenade the city and assemble at the ground at 1:30 p. m. All exercises will take place in front of the stand on the race track. At 2 p. m. the program will open with a novelty horse race, the animals walking first quarter, trotting second and running the last half mile of track; race free for all. A bicycle race of one mile open for M. W. A. will follow the novelty race. The Foresters' drill of uniform Woodmen will be a third number. This will be followed by foot races for boys and girls, old men, fat men and Woodmen. The main feature of the day, an old fashioned log rolling, will occupy the time of the middle afternoon. In this contest several camps will supply teams to roll the logs. Jumping matches will follow the log rolling. A relay foot race of 880 yards, four men in each team to run 220 yards each will be a feature. Additional horse races will be given and the entertainment will close with a tug of war tournament, open to all camps of Modern Woodmen.

The evening will close with a grand ball in the armory. The Yakima band will furnish music. Prizes will be awarded to the best couple in the grand march; the best waiters and the dearest and oldest and youngest couples in the hall. Additional chairs will be placed in the armory to seat the people. The Royal Neighbors will supply refreshments. Everybody has a special invitation to attend all the exercises and to act as reception committee for making visitors to the city feel at home.

Optimistic about the future.

A well known resident of North Yakima, when speaking of the glorious future of this city the other day became enthusiastic over its prospective greatness and said: "You sometimes hear persons say they are afraid that building will be over done here, that there will be more business blocks built than the demand warrants, but they are entirely wrong in their conclusions. The man who put up a building here now has foresight and sees the brilliant prospects before this town and valley. There never was a more favored spot on the globe. With the vast agricultural productions of the present and the still greater possibilities of the future it would not surprise me to see North Yakima have in five or ten years the present population of Spokane. The people are bound to come; they can't help it. The general public fails to see the significance of the recent great western railway combination of the Northern Pacific, Great Northern and Burlington lines with that genius, Jim Hill at the helm. The meaning of that is that San Francisco will not long continue to hold the supremacy as the leading city of the coast, and that Seattle or one of the other sound cities will take her place. Then Yakima will become not only a great agricultural center but with her abundant water power will be hundreds of dollars' worth of manufacturing in the course of every year. Yakima may be likened to Syracuse, N. Y., which, in early days, bore about the same relation to the outside world that North Yakima does now, but without more than a fraction of the natural wealth and resources. Today Syracuse has a population of 150,000."

It Dazzles the World.

No discovery in medicine has ever created one quarter of the excitement that has been caused by Dr. King's New Discovery for Consumption. It's several tests have been on hopeless cases of Consumption, Pneumonia, Hemorrhage, Pleurisy and Bronchitis, thousands of whom it has restored to perfect health. For coughs, Colds, Asthma, Croup, Hay Fever, Hoarseness and Whooping Cough it is the quickest, surest cure in the world. It is sold at The Yellow Drug Store who guarantee satisfaction or refund money. Large bottles 50c. and \$1. Trial bottles free.

John Sawbridge made a trip to the Horse Heaven country a short time ago to deliver some harvesting machinery. Mr. Sawbridge says that the yield of wheat, oats and barley will be the greatest in the history of that part of the country. Oats in many fields will average 100 bushels to the acre and Mr. Sawbridge predicts that the farmers of that locality will be unusually prosperous this fall.

BOARD SELECTS A. R. JOLLEY

Illinois Man Will Have Charge of City Schools for Coming Year.

At the meeting of the school board Monday evening A. R. Jolley of Mineral Point, Wis., but a graduate of several Illinois institutions, was chosen to take the Superintendency of the North Yakima schools for the ensuing year. Mr. Jolley had been in the city several days conferring with the board and his application was acted upon favorably after mature deliberation and after consideration of the applications and recommendations of nearly a score of well known educational men.

Mr. Jolley has had charge of the public schools of Mineral Point for eleven years. Previous to that he was the superintendent for five years at Peru, Ill. Mr. Jolley left Wisconsin for the coast on account of rather poor health. He heard that the North Yakima schools were shortly to elect a superintendent, so made application for the position.

The new superintendent comes to this city with excellent recommendations. He is a graduate of the Illinois Wesleyan university, and has a life diploma in the state of Illinois. The life diploma is of especial value as it is granted upon examination in 21 subjects and not by any institution in the state.

Mr. Jolley says that he is favorably impressed with the Yakima valley and with the city of North Yakima and is glad that his lot has placed him in such a favored locality and in such an up-to-date community. He is much pleased with the school buildings, courses of study and other indications of the condition of the school system. Mr. Jolley has a family which will come west in a few weeks. He will be here for a short time and then will make a trip to the south.

PICKED UP ABOUT THE CITY.

Claude Briggs is on a business trip to Walla Walla.

Cliff Stout of Seattle registered at the Yakima Wednesday.

J. B. Fogarty of Ellensburg was a Yakima visitor Sunday.

George Fox and wife of Zillah spent Sunday in North Yakima.

Mrs. Frank Sharkey and Miss Meyer are visiting friends in Seattle.

F. E. Thompson of North Yakima was registered at the Donnelly in Tacoma Monday.

Deputy Sheriff Sindall left Wednesday morning for Walla Walla with a prisoner for the penitentiary.

Jas. MacArthur left this week for Chicago and New York to buy fall goods for the H. H. Schott Co.

Mrs. L. C. Moore of Jackson, Mich., arrived this week to pay a visit to her daughter, Mrs. Z. Y. Coleman.

Rev. Hamilton Bartlett held services in Sunnyside last Sunday evening. The pulpit at St. Michael's church in this city was occupied at that time by Rev. Mr. Cheal.

Ernest Matthews of the Yakima meat market was kept from his duties by sickness nearly all of last and a part of this week. His place was supplied by Roy Rogers.

Mrs. Dodwell of Tacoma, who spent several weeks visiting the Misses Cameron in the Moxee, returned to her home last Saturday accompanied by her two little nieces.

The Tacoma Ledger a few days ago published a touching tribute in the form of a poem to the memory of Miss Grace I. Mitchell, a trained nurse, who died in this city on July 4th.

Mrs. J. T. Hedges with her two children is making a lengthy visit with her mother, Mrs. L. Rowe of the Naches. Mrs. Hedges' home is in Indianapolis and she made the trip west last week.

Miss Effie Buell, formerly of Tacoma but now of Rochester, Minn., paid a short visit here last Saturday to her friend Mrs. M. E. Sperry. Miss Buell spent three weeks in Yakima, several years ago.

Rev. and Mrs. J. H. Wood left last Saturday to attend the international Epworth League convention which is in session this week in San Francisco. Mr. Wood goes as a district delegate and Mrs. Wood represents the Yakima chapter.

Through an error in the composing room it was said last week that a reception was given by Mr. and Mrs. Frank L. Wheeler. The reception was given by Mr. and Mrs. Hamilton Bartlett in honor of Mr. and Mrs. Wheeler.

In another column will be found the advertisement of the Green River Hot Springs hotel. This has come to be one of the most popular summer resorts in the state. Yakima people who have been there are loud in its praises. The Republic can conscientiously recommend a visit to the Hot Springs for that tired feeling.

Secretary Lee Tittle of the Moxee company was somewhat surprised at being called out about midnight a few evenings ago to provide a lunch for a party of hungry bicyclists who happened to be passing at that hour. He did as he was bidden and the party went on its way rejoicing. The bicyclists were Gertrude Sinclair, Anita Lesh, Lizzie Osborn, Ed McCoy, Harvey Young and Roy Ferris.

Dr. C. J. Lynch, son of T. J. Lynch, arrived in Yakima Tuesday from Louisville, Ky., after an absence of two years. In that time he completed his medical course and spent a year in a large hospital in Louisville. In this year he became acquainted with many men high in the medical profession, and gained much practical knowledge. Dr. Lynch will remain in North Yakima and after a month's rest will enter upon the practice of his profession.

It is said that the delays of the local passenger trains from the east are caused by the heavy traffic at this time, the result of the excursion west. Unusually large crowds are making trips through Yellowstone park this year and the Epworth League convention in San Francisco is drawing many thousands of people to the coast. The engines haul such heavily loaded trains that they can not make schedule time. The heavy shipments of fruit from the stations in this county is another circumstance which will cause nearly all trains to lose from one to three hours time between Pasco and North Yakima the rest of the season.

All punctures in ladies wheels repaired free for one week at Keene's.

Mrs. George Hough and children are visiting friends in Olympia.

A son was born Sunday, July 14, to the wife of John Rewald of Moxee.

Mrs. A. E. Kinsey and daughter will return this week from Hoquiam, in which place they are visiting Mr. and Mrs. J. B. Braden.

Miss Lucy Fechter of Manitowish, Wis., arrived Tuesday to spend the summer with her brother and sister, Oscar A. Fechter and Mrs. C. E. White.

Mrs. Eliza Miller of the Naches died last Sunday of diabetes at the age of 61. The funeral was held Monday and interment was made in the Naches cemetery.

Monday evening was the regular night for the meeting of the council, but owing to the lack of a quorum the meeting was postponed until Thursday night, last evening.

The W. C. T. U. will have a social at Mr. Van Buskirk's Wednesday evening, July 24th. Refreshments consisting of ice cream and cake will be served. All are cordially invited to come.

Miss Lillie Bogle, who has been the guest of friends in this city for four weeks, returned to her home in Seattle Wednesday accompanied by Miss Jean Cornett, who will make her a visit.

Charles Owens was pleasantly surprised a few days ago by the unexpected arrival of his father from Brooklyn, S. D. Mr. Owens, sr., is now taking a trip on Puget sound, but will return in a few days to stay a month in this city.

An Epworth League lawn social was given Tuesday evening at the home of Mrs. James Green on Ninth street. About 200 persons were present and enjoyed games on the lawn until refreshments were served late in the evening.

A letter has been received here from George Guiland in Alaska saying that he is doing well there and is coming out soon with a good deal of money. He is a brother of Mrs. Jennie Bartholet and Miss Matilde Guiland, and several years ago was a resident of North Yakima.

Miss Florence and Miss Lillian Burns of Toronto, Canada, are the guests for the summer of their sister, Mrs. E. B. Moore. Miss Lillian is an accomplished elocutionist, a graduate of the New York school of elocution, and her friends are hopeful of inducing her to give a recital before she leaves Yakima.

E. J. Wyman will leave next week for Portland to buy a stock of harness for the buggy, wagon and harness store which he and J. A. Fraser will open about the 15th of September in the Garrett building now under construction on Second street. Mr. Wyman may take a trip east before returning to Yakima.

J. A. Lyburner and wife of Woodstock, Ill., parents of Mrs. T. H. Rutter, and their son Arthur, are building two cottages on the Leaming tract near Mr. Rutter's place. Both father and son are entirely satisfied with the climate of Yakima and are glad that they made the change from the east.

Dr. B. L. Baker returned to Yakima from Walla Walla Tuesday after attending Mrs. Baker for nearly two weeks. He was called to that place by her sickness and while he was there Mrs. Baker underwent a critical operation at the hospital. She is improving rapidly now and shortly will be able to leave the hospital.

A large party of the friends of Dr. and Mrs. Burns surprised them Monday evening at their home on Third street. The occasion was their wedding, the fifth anniversary of their marriage. The couple was presented with all kinds of wooden articles, from mops and brooms to matches and toothpicks. The guests also brought delicious refreshments, which were served at the conclusion of a few games of whist.

Waukegan barb wire will save you money. Sold by the Yakima Hardware Co.

TREATING WITH THE INDIANS

Col. McLaughlin, Special Agent of the Interior Department—The Yakimas.

Col. McLaughlin, of Washington, D. C., United States Indian Inspector, has been on the reservation for nearly three weeks treating with the Indians in the matter of the disputed tract of land on western border of the Yakima reservation. Col. McLaughlin with Indian Agent Jay Lynch was in town and staying at the hotel Yakima for a few days this week awaiting instructions from the Interior department. No agreement was reached in the conference which was held a week ago Tuesday, but the inspector says that by making a few minor concessions, which he did not like to grant except with the consent of the department, a settlement might have been reached.

The region involved in the controversy consists of something like 300,000 acres of land. The government has approved the demands of the Indians almost to that figure, but they want about 50,000 acres more. At present there are nearly 50 families on the disputed territory. These would not be disturbed in their rights as the government would indemnify the Indians for the land settled upon.

Col. McLaughlin is a veteran of several Indian wars and has had dealings on the part of the government with nearly all of the Indian tribes in the United States. He says that the different nations vary much in intelligence but that the Yakimas are well along toward the top in the scale. He conferred for two days with a committee appointed at the general meeting and he says that they spoke English with a considerable fluency, and were logical in their arguments. He says that he likes the Yakima Indians as well as any tribe he has met.

Mr. Lynch and Col. McLaughlin spent several days on a camping trip near Mt. Adams and the colonel was greatly impressed with the scenery in that locality as well as the fishing.

C. V. Bissell is making many improvements on his building on Second street opposite the court house.

A marriage license was granted last Saturday by the county auditor to George E. Fox and Miss Lenora Macy.

Sunnyside Sun: Len Kenyon was exhibiting a sprig from an apple tree less than a foot long yesterday on which there were eighteen apples. The branch was cut from a tree in W. H. Norman's orchard at Outlook.

Frank Frye, wife and daughter May, left yesterday to spend a few weeks at the reservation soda springs. Mr. Frye will come back to town the first of next week to attend to business, but will return to camp in a day or two.

Health Officer Frank says smallpox, measles and all other contagious diseases are stamped out in the Sunnyside country. He made a trip to that locality this week and found the patients entirely recovered and there were no indications of any other cases.

Postmistress Sperry is expecting notifications any day to hold examinations for two mail carriers for the free city delivery. It is understood that three men from town will be appointed to take charge of the examinations which will be of civil service order, and at the conclusion of the examination they will forward the papers to Washington for correction. The two applicants receiving the highest grade, irrespective of all party affiliations, will receive the positions.

Drink Yakima mineral water for all stomach and kidney troubles.

Hotel Albany, Ellensburg, Wash., is the most centrally located house in the city. Best beds, good table and the highest priced rooms that can be had in the city. Free hair line to and from depot. Mrs. H. D. Dory, Proprietor.

Pure Drinking Water. The most reliable, durable and thoroughly efficient faucet filters can be obtained from W. E. Ayres, Yellow drug store; also all kinds filtering material.

Heartburn. When the quantity of food taken is too large or the quality too rich heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale at The Yellow Drug Store.

Reduced Rates. Following special rates are in effect on dates mentioned.

The western end of Yakima avenue is now closed to traffic while the second and third coats of macadam are being spread on the street. The particles of crushed rock composing the second layer of the macadam are about half the size of those of the first coat, and in the third layer they are much finer than in the second. Daily sprinkling is done from the fire hydrants to make ready the bare street for the rock and to settle the macadam where it already has been placed. The grade of the avenue between Front and First street shows up well and it is the general opinion that when the work is finished in the fall Yakima avenue for a third of a mile will be as fine a street as any in Central Washington.

EXTENSION OF THE BIG DITCH

Washington Irrigation Company Surveying Toward Prosser.

Manager Walter Granger of the Washington Irrigation company was up from Zillah Tuesday. He stated to the REPUBLIC that the company has surveyors at work on the extension of the Sunnyside canal toward Prosser. He further said that construction might begin any day. As to the plans of the company Mr. Granger asked to be excused from saying anything definite at present beyond what is contained in the above statements. He would not say that the canal would be extended as far as Prosser, or that the line would be surveyed that far this year.

He promised to make a definite statement in a short time.
