Subject: Transmittal of typescript of microfilm pertaining
to Yakima and other claims cases.

Dear Sir:

Enclosed are typescripts of microfilm pertaining to Yakima
and other claims cases.

It is noted that it is my belief that these microfilm were
made from records that are not included in microfilm contained in
List of National Archives Microfilm Publications, 1953.

Much of the material is not included since it consists of
commissions for various officers en route to Fort Simcoe, Washington
Territory, and matters concerning Army troops, individuals and
policy, having no apparent bearing on any connection with the Indian
Wars.

Sincerely
