Dear Mr. Felander,

I received your letter today concerning the books that you ordered. I didn't bother answering your last letter - as I thought our letters had crossed in the mail - as I returned a check made out to you for \$8.50 on December 15th, and also wrote you a note inside on another book I had. The check # was 178 made out to you Dec. 15th. - My bank statements from Mich. were sent down to me # 177, # 179 are there, but no 178. It must have been lost in the mail. If you should ever receive it, please destroy the check. I am sending you another and will have the bank in Mich. stop payment on the other.

I'm very sorry about this, you must have thought I had sent Bancroft's Alaska and it was lost in the mail.

I sent your postage & insurance money sack - as all my books were posted in the ad. Thank-you very much anyway.

Now the only Indian books I have at
present for sale, are the Ethnology books

Thank you for your patience and under-
