Something *New* in VICTORIA, B.C.

YUKON QUEEN

MARK TWAIN once said of a river boat . . . "She's trim and pretty with a fanciful pilot house, all glass and gingerbread, and ornamented with clean white railings" — which describes the YUKON QUEEN and her sister ship the YUKON BELLE. They bring back to Victoria the stirring days of the '98 gold rush.

Now visitors (and Victorians too) can sail through the world famous Inner Harbour and the Gorge Waters in these spanking new stern-wheelers — see the historic landmarks — the last of the great West Coast whaling fleet — immense booms of centuries old Douglas firs, cut from the Islands' virgin forests.

Truly a never-to-be-forgotten experience, with our salty skippers pointing out all the interesting features along the way.

**ALL ABOARD - NO WAITING
SAILING ALL DAY, EVERY DAY
Including Sunday**
