Editor of Yakima Herald -

Dear Sir - Was interested in an article by Edick Relander, of the Wahluke co., ~~who lived for a time there when it was homesteaded~~, the article was of particular interest. Particularly on the possibility of water being brought to the part where I lived. Could we have some more on this? Thank you. My sister Mrs. Cecelia Stehr in Yakima showed me the article.

Yours truly

Dear Sir:-

In the Oct. 15th. edition of  
 your paper, we were very interested in the item by  
 Click Relander "Dreams bloom again on Wahluke".

The reason we would be very  
 interested about this particular place written about  
 is that we have quite a few friends and relatives who  
 own land in this place he tells about, so would be  
 more then pleased to hear more about it, if Mr. Relander  
 would favor us with more of his knowledge.

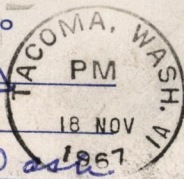

Will be looking ahead for more  
 of the same.

Yours truly,

W. J. Shaugnessy
