Dear Lee:

I have encountered some possible "map" clues concerning the Yakimas.

1-Document 34th Congress 1st Session, House of Representatives; Ex. Document No. 118. Indian Hostilities in Oregon and "ashington Territories... p. 40 (Letter from Isaac I. Stevens to Major General John E. Wool--1856--)
...I send you a map of the country from the Cascades to the Bitter Root Mountains, showing the Indian tribes, their numbers, their ~~warriors~~ warriors; the points those hostile are now believed to occupy....

p.44 N.B. The map is not quite ready. I will sand it to the post at Vancouver.

I have also obtained the address of an old minister at Portland, who has made a hobby of collecting old maps for many years and whom I understand has many fine, unusual and rare maps. While I am not going to Portland soon, I shall make it a point to look over his material when I go there, or, if you have someone in Portland, I would be happy to give you his name and address.

I have not heard from Mr. Ramsey or his office since the day after you left, but presume they will call me if they have any kind of a voucher for me to sign.

Sincerely
