Democratic Committee Accuses Rev publicans of Colonizing Voters n Doubtful Legislative Districts.

TACOMA, Nov. 4.-The Democratic campaign committee has discovered evidence that the Republicans have been colonizing voters in different legislative districts of the city in which the Republicans are overmatched in strength. An investigation of the facts is now being made. It is said that these men are expected to vote both in Tacoma and Seattle

Vacant residences have been taken advantage of, and in some instances as many as three and four straw persons have been registered from one such houses. One of the Democratic legislativ candidates has discovered that the vacant portion of the double house he occupies has four persons registered. Mayor George P. Wright has taken the

The Democrats have no desire to be the beneficiary of such votes, and we are certainly not going to be the victims of such a conspiracy. I believe the majority of the citizens of Tacoma will endorse anything that can be done to maintain the purity of the ballot.'

#### Boundary Dispute Almost Settled.

NEW YORK, Nov. 4.-Vergara Donoso, the Chilean minister, has, according to a Herald dispatch from Buenos Ayres, Argentina, handed to the minister of foreign affairs a note embodying a scheme for the demarcation of the Beagle canal, the only point along the frontier where the boundary has not yet been definitely established.

CINCINNATI, O., Nov. 4.-The only possible clue to the murderer of Alma Steinigewig, the telephone operator, whose body was found yesterday near Spring Grove cemetery, was furnished today by Frank Little, conductor of the car on which the girl rode home on Wednesday, the last time she was seen

Little says that a short, stout man boarded the car with Miss Steiningeweg on Monday, Tuesday and Wednesday nights, alighting when she did. On Monday and Tuesday nights other passengers alighted at the same time, but on Wednesday night the girl and the stranger were the only persons to get off the car at the cemetery.

A saloonkeeper near the scene says he saw a man of this description later Wednesday night, but no trace of the man has been found, nor any clue to his identity discovered.

#### Japs Are Using Dogs.

ST. PETERSBURG, Nov. 4.-A special dispatch from Mukden says the Japanese are using dogs to locate the positions of the Russian sentinels and outposts.

While no formal reply will be made to the Japanese protest regarding the use of Chinese clothing by the Russian troops, it is understood that Foreign Minister Lamsdorff, when the protest was presented informally, categorically denied the truth of the charge that there had been a violation of the Genconvention. He explained that there might have been some isolated cases where soldiers, whose winter overcoats had not arrived, had donned Chinese overcoats but not for the purpose

SHANGHAI, Nov. 4.-Advices reaching Shanghai today say that the Japanese assault on Port Arthur continues with unabated vigor and that the Russian defense is dogged and determined. The northern portion of East Keekwan mountain has been captured by the Japanese, who hold it under a furious Russian fire.

A fort on the inner line of defenses was destroyed by the explosion of a magazine on November 2.

The casualties of the Japanese are rported to be enormous. A belief prevails that the Russian warships will make another attempt to escape.

Democratic Nominees for the Legislature Reply to Charges Made by Republican Politicians.

A statement has been bandied about the county by republican politicians to the effect that the undersigned, democratic nominees for the legislature, are opposed to the passage of a railway commission bill, or, at least, are not pledged to the same. We wish to brand such a statement as unqualifiedly false. We are each and all of us pledged to the support of a commision bill not only by our party platform, but by our individual pledges, and if elected we attle Times. will carry them out.

A. J. SPLAWN, J. D. MEDILL. H. W. CREASON.

The Hour for Action Draws Near. Judge Turner and the other nominees on the commission ticket stand for the same reforms that La Follette is fight ing for in Wisconsin and Folk champions in Missouri. The struggle here as there, is for civic righteousness and higher standards of official duty. Here, as there, the rallying cry is "Hands off the state legislature, and let the people be represented by honest men, who will not wear the railroad collar!"

These great battles for political reform would be more easily won if it were not that in every state are voters who always allow the tricksters to whip them back in line with the party It was that class of weaklings which President Roosevelt had in mind when he declared that:

"In the unending strife for civic betterment small is the use of these people who mean well, but who mean well

In the ringing words of Theodore Roosevelt, the railroad commission forces "have the right to challenge the best efforts of every American worthy of the name to putting down by every means within his power corruption in private life, AND ABOVE ALL, COR-RUPTION IN PUBLIC LIFE."

The railroads have corrupted the publie life of this state. Who so ignorant or who so lost to love of truth as to deny that humiliating fact?

Always bold in their nefarious machinations, the railroad bosses are operating in the open this year to an extent indreampt of in previous conflicts.

Now, if ever, is the time to rebuke he unscrupulous politicians who disgraced the Republican party at the Taoma convention. If the voters tolerate the present show of railroad bossism, what encouragement can exist for men like Governor McBride and Judge Turner to go on fighting for reforms which the people wili not have?-Spokesman-

#### Japanese Killed and Wounded at Port Nominee for Governor Addresses Arther Number 40,000

CHEFOO, Nov. 4, 9:30 p. m.-Cninese that left Port Dalny yesterday evening report that batches of wounded Japanese were then passing through Dalny. They report also that during the recent battle fresh Japanese troops were

constantly going to the front. It is widely reported at Dalny that the Japanese have occupied the forts on Rihlung mountain and certain forts of the eKekwan mountain group, but well informed Japanese here consider these rumors as premature. These Japanese however, are confident that the end of is fast approaching. They admit that they have been disappointed heretofore, but say that their previous hopes never had such foundations as those hopes they at present entertain.

The fact that Gen. Nogi, commander of the third Japanese army before Port Arthur, has allowed the Associated Press dispatches to leave the front of the base of his operations is looked upon as strongly indicating the confident spirit of the besiegers.

Further tidings of events at Port Arthur are awaited here with an intensity of interest greater than any displayed since the beginning of the war.

There was no money therethere hadn't been any money there-and all forenoon of Thursday was devoted by a dozen men in proving that there hadn't been any money there. ## Three Meetings in One Night.

TACOMA, Nov. 4.-Senator George Turner made a whirlwind campaign in Tacoma last night. No such vigorous work has been done here since the campaign opened. He made three speeches to immense audiences at three widely separated parts of the city, beginning the evening at South Tacoma, where he addressed a meeting at Spicer's hall. The hall was entirely inadequate to hold the crowd that assembled and many could not gain an entrance. All the Russian occupation of Port Arthur through his address enthusiasm ran high, and he was frequently interrupt ed by cheers. He made practically the same speech he has been making in other parts of the state.

Leaving South Tacoma he went straight to Old Town, the northern part of the city, where he addressed a wellfilled house, composed largely of millhands and longshoremen.

It was nearly 10 o'clock when Judge Turner and his party arrived at Germania Hall, a large auditorium near the center of the city. Notwithstanding the lateness of the hour the hall was still packed. Senator Stanton Warburton, who had spoken for an hour on state issues, gave way and Senator Turner spoke for half an hour. An ovation, which proved a climax of enthusiasm. greeted him as he was introduced, the applause lasting several minutes.

#### A Game of Bluff.

The last hope of the railroad managers in this state is centered in a grand bluff as the P.-I. itself admits.

This bluff is aimed at the independent Republicans of Pierce and King counties, who show a marked disposition to cut Mead at the polls. This infamous scheme originated in the fertile brain of that elever pot house politician and perennial candidate for the United States senate, John L. Wilson. In order to work this scheme signed pledges have been secured from holdcounties named. The purport of these worker rather injudiciously remarked to pledges is to the effect that in the event and King refuse to give Mr. Mead the independent voters, but we will make normal Republican voote that the parties signing the pledge will refuse to ers." vote in the legislature for the candidate from such counties for the office of senator. It is a species of political is a self-evident fact.

The Yakima Daily Democrat tation of Democrats in the next legislature than ever before is a prospect that is generally conceded by men of all parties. In case that the railroad leaders attempt to punish Pierce county for members of the legislature may find it necessary to interfere and take a hand in the fight in case they are unable to elect a senator of their own.

#### A Word to Socialists.

Our friends, the socialists, are as patriotic as any other class of citizens. It is true that they have their own party ticket in the field, national, county and state, but they know as well as any other class of citizens that their own ticket cannot be elected in this campaign, whatever they may hope to be able to do in the future.

We submit, therefore, to our socialist friends that it would be and is the part of wisdom in the casting of their ballots next Tuesday to aid in the election of the Democratic state and county tickets. Under the conditions that prevail we believe that as patriotic citizens it is their duty to do this.

The Democracy of this county and state is waging a campaign in the interest of all the people. It is not only doing this but it is waging a campaign in the interest of good government and of public decency. It is fighting not only soulless corporations but soulless men. It is making a desperate hand to hand fight and it needs the help of every good citizen no matter whether he be a Republican, a Democrat, a Socialist or a Prohibitionist. The Democratic party of this state needs the help of every honest citizen and makes an honest appeal for it.

If the Socialist brethren are desirous of testing their strength they can do so by voting their national ticket. By then voting the Democratic state and county tickets they will exhibit real patriotism and can go home and look their wives and children in the face with the feeling that they have performed well a duty that they clearly owe the state.

#### The People Will Rebuke Them.

If the gang of political buccaneers who control the policy of the Republican party in this state had even dreamed last May that they were doomed to walk to the slaughter house in November they would probably have been a little more careful in their dealings with the railroad managers. Previously these dealings with the lobby had been surrounded by a degree of secrecy but thinking that Roosevelt's popularity insured them a cinch on the state the politicians became unduly arrogant, impudent and shameless. They not only consented that the great political party which they professed to represent should be bound, gagged and delivered to the railroads but they openly assisted in the transfer. They not only assisted in the nefarious scheme to politically executed Governor McBride, but they consented to the selection of a servile tool of the corporations as his successor and when the new king was brought out they literally fell down before him and pledged their fealty, while the good citizens of this state looked on mortifled and disgusted.

The political history of this, or as we believe any other state, may be searched in vain for a page as dark and dirty as the record made by the so-called state convention of the Republican party held at Tacoma on the 11th day of last May. The record made on that occasion will forever remain as a dark blotch in the political history of this young commonwealth.

The people of this state are a free and intelligent people and to doubt that they will fail to administer a stinging rebuke next Tuesday to the men who attempted to deliver them into the hands of the railroads is to doubt their patriotism.

#### After the Floaters.

The Republican campaign committee of this county evidently don't feel as serenely confident of the result in this county as the Yakima Republic professes to feel. At any rate if the committee and the candidates had the confidence of the local organ of the ring they would probably not feel the necessity of resorting to the tactics toat over senators and prospective members is being pursued so industriously in of the legislature outside of the two this campaign. #### They Must Be Foolish.

Can not the railroad clacquers who are casting petty vituperative darts at Senator Turner see that they are trying to discredit the good judgment of President Roosevelt? Are they not aware that it has passed into the history of the United States that President Roosevelt, "reposing special trust and confidence in the integrity and ability of George Turner of Washing ton," to quote his exact language, commissioned nim to represent the United States in London as a member of the international tribunal which settled long standing controversy over the Alaska boundary?

When President Roosevelt thus honored Judge Turner and made him the compeer of Secretary of War Root and Senator Henry Cabot Lodge of Massachusetts, he also honored the citizenship of Washington state.

President Roosevelt does not blunder in these matters. He knows his duty in the way of sending Americans abroad who will embody the dignity and greatness of the American nation. He knew what was due to Secretary Root and Senator Lodge. He was obligated to choose for that high mission three Americans of the highest character and bility, and after deliberate counsel with his cabinet and other advisers, he selected George Turner of Wasnington.

Not satisfied with that signal mark of his confidence and respect, President Roosevelt more recently appointed Judge Turner, along with ten or twelve other distinguished jurists, to represent this country at the recent world's congress of jurists as St. Louis. In choosing his representative from the Pacific coaost states, President Roosevelt selected Judge Turner above all other lawyers of all political parties in this western country.

If President Roosevelt was right in his estimate of the integrity and ability of Judge Turner, the railroad clacquers must be wrong in their estimate of the man.-Spokesman-Review.

To the Clerk of the Board of County Commissioners of Yakima County:

I. Sam H. Nichols. Secretary of State of Washington do hereby certify that the following act was passed by the Legislature of the State of Washington on the 9th day of March, 1903, and signed by the Governor on the 16th day of March, 1903.

That said act proposes to amend the State Constitution and reads as follows: "Section 1. That it is proposed to amend Section eleven (11) of article one (1) of the Constitution to read as follows:

acts of licentiousness or justify practices inconsistent with the peace and safety of the State. No public money or property shall be appropriated for or applied to any religious establishment: Provided, however, That this article shall not be so construed as to forbid the employment by the State of a chaplain for the State penitentiary, and for such of the State penitentiary, and for such of the State reformatories as in the discretion of the legislature may seem justified. No religious qualification shall be required for any public office or employment, nor shall any person be incompetent as a witness or juror, in consequence of his opinion in matters of religion, nor be questioned in any court of justice touching his religious beliefs to affect the weight of his testimony."

That the said proposed amendment is to be voted on at the general election held on the eighth day of November, A. D., 1904.

Thoroughly Alarmed.

Now that the day of election is close at hand the Republican managers of the Mead campaign are thoroughly alarmed at the towering evidence of dissatisfaction in their own party. Voters of intelligence are not inclined to look favorably upon a campaign that presents Daily Democrat and he told the reportno other rallying ery than "vote the

From the day the Mead ticket was nominated it has stood for nothing that would meet the approval of a voter who attaches the least importance to a ballot. The fuglemen who are conducting the campaign have sought to belittle the disaffection that was growing in every county in the state.

Now that election day is near, and there is no longer the possibilit yof doubting the triumphant election of the entire Democratic state ticket, the Post-Intelligencer admits the danger of Mead's defeat by lecturing those Republicans who are going to vote for

Steve Judson an Old Timer.

The Democratic candidate for lieutenant governor, the running mate of Senator Turner, the Hon. Stephen Judson, was in the city Friday. Mr. Judson was seen by a reporter for the er several interesting things. He said among other things that fifty-one years ago this year he had passed through Yakima county on his way to the west side of the Cascades. He followed the old McDonald road and crossed the mountains via the Naches pass. The Indians were occasionally very annoying during those times and the party with whom Mr. Judson traveled was often placed in perilous positions on account of the red men. Although Mr. Judson is a man with white hairs he is as hale and hearty as the average man of middle age. He has been campaigning steadily for several weeks and has not weakened any under the strain. #### WON'T TAKE TURNER MONEY

Governor Lowe, E. G. Tennant, J. M. Baxter, Isadore Mondor and Other Turner Men Wager Money on their Candidate,

As the time draws near for the general election the supporters of Mr. Turner are becoming more enthusiastic and are offering to bet money that he will defeat Mr. Mead. Some of the money has been covered by Republican syndicates, but there is yet considerable Turner money and not even a prospect of its being taken. S. J. Lowe covered everything in sight yesterday and still has \$250 to bet. The Club cigar store has Mr. Lowe's statement published on

their bulletin board. Isadore Mondor of Tampico came to town yesterday with \$250 in his pocket to bet on Senator Turner. He visited the club and walked the streets trying to find some Mead man who had the nerve, but all to no avail. There isn't a cent of Mead money in the city today. At least there wasn't any money last night at the time of going to press. A good many farmers were in the city Friday who wanted to bet on Turner. The fact that the farmers are Sunnyside to spend a few days with certain of Senator Turner's election and willing to bet their money on the refraternity of the Mead followers.

#### Another Christian Science Lecture.

The members of First Church of Christ, Scientist, of North Yakima cordially invite the public to hear Mr. home in Massachusetts and attending nell Young of Chicago at the Yakima theater, Monday evening, Nov. 21, at 8:15 p. m., on the subject of Christian Science. These lectures are provided to Alfred D. Johnson and Miss Ella for by grateful hearts who themselves have been beneficiaries of the poewr of God as taught and demonstrated through Christian Sciense.

They esteem it a privilege to make known to others what has so abundantly blessed them, that all who will may likewise partake of the same. They know of no better way whereby to accomplish this than the way provided by the leader of this movement, Rev. merits. By becoming a candidate for Mary Baker Eddy, in the giving of public lectures.

duty that these lectures are given. To correct the prevailing misconception of the principle and practical ap-

plication of science, a board of lectureship is established by the mother church in Boston, the duty of the members of M. M. Lyter a prominent lawyer of the same being to state authoritatively to the public the teaching and practice member of this board.

Strange as it may seem to those who are in the least acquainted with the teaching of Christian Science, Christian Scientists are accused of being a Godess people, who do not believe in Christ Jesus nor the Bible. These lectures put to flight all such false accusations. After listening unprejudicedly to a Christian Science lecture one is convinced that God is all that Christian Scientists do believe in. They freely and reverently accept Christ Jesus as the way shower, and the Bible as the Word of God, which consequently contains all that is needful for man's guidance into eternal life and salvation from sin.

A very cordial invitation is extended to all to hear Mr. Young Monday evening, Nov. 21, at 8:15 p. m., at the Yakima theater. Admission is free.

#### THE SUPERIOR JUDGESHIP

A Republican Who Has Weighed the Claims of Both Candidates Carefully Wants to See Preble Elected.

North Yakima, Nov. 3 .- Editor of he Yakima Democrat-Dear Sir: I wish, through your paper, to call attention of the voters to some considerations relative to the office of superior udge and the candidates therefor, which are in danger of being ovelooked by some voters in the din of discussion of political questions. Every citizen, and particularly every taxpayer, is deeply interested in having a judge qualified by legal learning and experience to conduct the business of the court expeditiously and correctly. If the judge is not thus qualified, he is sure to drag out the business of the court to unnecessary lengths, and to make mistakes necessitating new trials, thus greatly increasing the expense to the taxpayers of holding the court, as well as inflicting hardships upon the litigants. For these reasons the voters owe it to themselves and the communit yto vote for the candidate best qualified for superior judge. There is absosult has put a quietus on the betting lutely no political significance in the office of judge. The judge can make no law. He simply applies the law as he finds it. It can make no difference to any one what are the politics of the judge, but it makes a great deal of difference to litigants and to the taxpayers whether or not the judge is an able, experienced and well read lawyer; therefore, not the politics but the qualifications of the two candidates only should be considered by the voters.

It is the duty of every voter to candidly investigate the qualification of each of the two candidates, and vote for the one best qualified, regardless of politics. It is expressly the duty of every citizen who is acquainted with the qualifications of the two candidates to make known to his fellow voters what he knows of their respective superior judge a man impliedly invites the voters to investigate his character It is therefore both with pleasure and and qualifications, and to make known

the results of their investigations. The office of superior judge is too important to be given to any man simply because he has been nominated by any political party. It is too important an office to be bestowed on any man on any other grounds than fitness for the office. I am a republican, but have discarded all party prejudice and candid ly investigated and weighed the comparative merits of the two candidates

for superior judge. H. B. Rigg of North Yakima, the republican nominee, is a young man who has maintained a law office in this city for the past eight years. The records of the courts of Yakima county show that in all that time he has had but two jury cases in the superior court. He does not spend his time studying law. Is it not a valid and fair conclusion that a young man who does not study law and whose habits are just the reverse of studious, and who, in eight years, has had only two jury cases, is not a suitable man to select for that exalted office? Mr. Rigg's youth and inexperience, and want of that knowledge that can only be obtained by long and continued study, totally unfit him for judge.

The democratic nominee, E. B. Preble, is 47 years old, and has practised law for more than 25 years. He is a man of studious and laborious habits. By careful study of his cases, honest dealings with his clients and forensic ability, he has won the confidence of the people of this community in his soundness of judgment and the integrity of his character. It is the concurring testimony of those who are personally acquainted with Mr. Preble, that his judgment, ripened by mature age and 25 years' active practice of law, his judicial temperament, studious habits, lively sense of justice and firm honesty, well qualify him for the office of judge. It is beyond question that the voters of this district owe it to themselves to lift the indiciary above politics by voting for the best qualified man.

A REPUBLICAN.
