### AN APPEAL TO SPORTSMEN

Protect fish and game by preventing forest fires. Be careful with your camp fires and matches. After smoking, put out all lighted material.

Respect the rights of the landowner. He regards the man as an outlaw who leaves his gates open, cuts his fences, or disturbs his livestock.

If an undersized fish is accidentally caught, wet your hands and remove the hook as carefully as possible. If the fish is deeply hooked, cut the leader and release the fish.

Clean your fish as you catch them. Uncleaned fish spoil quickly in warm weather. Pack your catch in ferns or grass and it will keep better.
