

The background of the advertisement features a central illustration of a woman with dark hair adorned with a large white bow and a garland of white flowers. She is looking down with a gentle smile. To her left, a mallet and gavel are depicted. To her right, there are several theatrical masks, some with floral decorations. The entire scene is framed by a decorative border with swirling patterns.

SAVING PART OF YOUR INCOME

Is a good habit, and one that should be cultivated by all careful and prudent persons, but the fact that that comfort of your wife and children is dependent on your earning capacity should not be overlooked, and this earning capacity should be insured for their benefit.

The Participating Income Bond Policy

Affords ideal protection in that it provides—

First—A prompt payment of the amount of the policy in the event of death.

Second—If totally and permanently disabled and your ability to earn a living for your family is destroyed, the company without cost to you, will keep up your insurance, or will pay the amount of the policy to you in ten equal annual installments.

Third—Should you live to be seventy (70) years old the amount of the policy will be paid you in cash, thus protecting you against poverty and want in old age.

"Occasionally an idealist like the unique Pachmann astonishes us by his marvelous play."

*Mr. James Huneker in
"Mezzotints in Modern Music," P. 220*

AN "IDEALIST'S" IDEAL

The beauty that may be evoked with piano-tone in its highest state of development makes memorable in music Pachmann's playing of

The Baldwin Piano

The rainbow-wealth of color offered by mobile Baldwin-tone the—dynamic range, so vast as to permit of the most exquisite shading, the boldest effects—all have wedded inseparably to the Baldwin this poetic artist "the greatest pianist since Chopin played Chopin."

Baldwin-tone will captivate you as it has thousands of others, come in and hear it.

"DESIGNED BY MISS ANNETTE KELLERMANN"

Annette Kellerman, the Diving Venus, is today one of the greatest stars in the theatrical world and will appear at one of the local play houses in January.

Prof. Dudley Sargent, physical instructor of Harvard University, after measuring Annette Kellermann referred to her before his class as the most beautiful formed woman of modern times.

Each coat is fashioned, carefully tailored and will not sag. They conform to the body and fit perfectly and are as stylish as any other garment.

WM. A. BRADY, LTD., WILL PRESENT

"THE NIGGER"

BY EDWARD SHELDON

WITH

GUY BATES POST

Edward Sheldon's Play, "The Nigger," has created more talk and has been discussed more than any drama offered on the American stage for a great many seasons. It was produced last season by the New Theater in New York and proved to be the big success of that wonderful institution's first year.

So great was the sensation the play caused, simply as a play, and not for its thesis as a social document, Wm. A. Brady secured the rights of presentation throughout the country and also engaged Guy Bates Post, who has created the role of Phillip Morrow, to play that part in his production. The result has more than met Mr. Brady's expectations, for "The Nigger" has been one of the phenomenal successes of the season.

The story deals in a new way with the race problem in the South, its theme being the discovery by the governor of one of the States that he has negro blood. His struggle lies between the choice of love, ambition and honor on the one side, and his duty to the people who elected him on the other. He chooses the higher way, loses the woman he loves and all hope of further political preferment, but he stands by his conscience and his duty to his people.

Mr. Brady has provided an excellent company, among others being Florence Rockwell, who is well remembered here for the many fine things she has done, her work in "The Round Up" and in "The Barrier" being especially well known.

Next time you see one of those yellow wagons with its blue sign

Remember, that there are 10 more wagons, doing the same service, along with the one you see.

That means that WELWORTH at 25c and 30c lb. satisfies more people than does any other coffee sold in Louisville.

"That's one reason why YOU should try it."

Do You Know How

The wealthy and fashionable dressed men and women of the Eastern watering resorts have learned to keep their wearing apparel looking as if they had just come from the Tailor or Modist?

The Secret is This

The Swiss washes every garment in chemicals with their own special imported soap which gives that pearly whiteness to all light colored goods and renews all colors brighter than when new.

"If a man be weak, let him eat herbs"

St. Paul to the Romans 14:2

CHARLIE WHITE-MOON,
The Cow-Boy Herbalist.

It is a self evident FACT that the maker of things knows best what that thing needs in way of repairs, & as God made the human body, he KNOWS best what medicines we need.

The earth, sun-shine, air, water, moon, stars, love, humanity ALL are by nature NATURAL, absolutely NECESSARY to humans. God COULD have made a better drink than water, a better thing to breathe than air, but he didn't. God COULD have made better things for medicines than ROOTS & HERBS BUT HE DIDN'T, & the Bible plainly says, "ROOTS & HERBS SHALL HEAL THE NATIONS."

I am the only white man in this country who has the knowledge of the secrets of the pure, sweet, natural Root & Herb medicines, I learned this knowledge from the Indians of the South West during 11 years constant association with them, & have prepared 28 specific combinations of Roots & Herbs for the CURE OF ALL DISEASE no matter their name. I have thousands of testimonials from CURED people HERE AT HOME the best evidence on earth, & if Roots & Herbs cured them, they will cure YOU. I have the genuine CHEYENNE INDIAN REMEDIES for the CURE of Rheumatism, Blood poison of every kind, Piles, Eye disease, Cancer, Stomach, Liver, Kidney, & Bowel disease, Female disease of every kind, Diseases of children, Consumption, Coughs, Dropsy, in fact there is no disease but

what there is a remedy for, & I HAVE THE REMEDY.

I have open office for the public on Tuesday, Thursday, Saturday & Sunday from 9 to 4 o'clock ONLY. Out of town people are requested to notify me before they call, making special appointment as crowds are so great on office days, they may not get to see me otherwise. I ship medicine all over the world, & invite correspondence regarding these powerful remedies, especially if you have tried the doctors & they have failed. All persons writing should enclose stamp for reply & WRITE PLAINLY. Literature and my great Cow-boy Herb Book will be sent free on application.

The rapid, awful spread of consumption & other disease, the high death rate among doctors & their families, prove the impotence & failure of so-called "modern medicine." The Bible says "PHYSICIANS HEAL THYSELF" & if they can't do that, how can YOU expect them to heal YOU? I am an inveterate & uncompromising ENEMY against unsexing women, cutting out of the tonsils of children, vaccination & the use of the knife or any dope or poison as medicine or for the cure of disease. I believe in God, & nature, & that the power of God is just as great to day as it ever was, & have devoted my life to the spreading of the GOSPEL OF GOOD HEALTH & LONG LIFE. Yours truly,

CHARLIE WHITE-MOON the Cow-Boy Herbalist

FINE MUSIC

W. JOHNSON QUINN, - Manager

*The Source
and the Summit*

A river-reed first tempted man's musical ingenuity. Between those notes of primitive fashioning and the modern Pianoforte lies the whole history of music. In

The Baldwin Piano

art has the final word:

Here is tone-mobility, full of color, poetic—entirely beautiful. Here is action of a ductility and grace in-inspiring to the most diffident touch.

The finer tone-development met in the Baldwin is due to a manufacturing strength unique in piano-making—Stern principles of selection animated by a lavish command of the best—upon such a ruling is every Baldwin built.

From the artistic view-point the Baldwin Piano dominates, without rival, the fast-narrowing group of instruments worthy of being compared with it.
