Dear Mr. Relander:

Thanks for your remittance and I am
due you a dollar as the books came to \$13.00 and I pay
the postage.

You certainly have a wide field and
a splendid one. I am glad to see our Joel Chandler
Harris among them.

Wish that I had more on or by
Remington. You may have noticed my no. 311. in
the catalogue. JOHN ERMINE OF THE YELLOWSTONE.
It is a fine copy except as noted where some of
the white ink in stamped spine is out. Should you
be interested in this book you may have it for \$24.00.

In appreciation, I am

Sincerely,

I'll send John Ermine along should you care to look it over.

Dear Mr. Relander:

I am glad to hear from you again and also glad that you liked mylist. A copy is inclosed.

The reason that you have not been getting my lists is that the P. O. Department returned one and as a result your name was removed, however I am glad to now place it back again. I have had this to happen too often.

I'll be on the lookout for the books that you mention and glad that you told me of them. I can find Alexander's INDIAN HORRORS OF THE FIFTIES LISTED NOWHERE. Neither can I find Meany's Washington Place Names in the last ten years auction records, but I don't have a bibliography that lists books outside of Indians. Mr. Churchill has ordered some books from me in times past.

I hope that your book is soon published and hope that I may be able to handle some of them. The current re-prints that I list are going much better than I thought they would.

When you write again, please give me a little more information about CANOE & SADDLE, but I judge Meany is the author.

Should you miss any other lists, please let me know. I am now preparing No. 13 which will contain near 500 items and should be in the mails within five weeks.

Sincerely yours,

Charley G. Drake
