

United States Indian Service,

Warm Springs

Agency,

June 3rd

, 1882.

Rev J H Wilbur
U.S. Indian Agent
Fort Simeon D.T.

Your favor of the 26th ult is at hand. I have asked several regarding Luy illos wife, and they can give me no information regarding her. She may be among the Warm Springs. I will enquire still further. Tahsympt wished me to tell you that George Boone left for your Agency a few days ago, and took without leave a horse of his (Tahsympt). He wishes you would take steps to retrieve the horse.

While writing I made it convenient to say that Captain Smith has gone East on a two months leave of absence which expires June 30th. The Rutes will hardly be returned until he comes back, as I cannot well leave or the other employes to accompany them.

Very Respectfully
C. H. Walter
