Dear friend Click:

Your copy of the Heritage has gone forward and probably will reach you with this letter.

I received the copies of the Republic and even went so far as to read your articles. It certainly is a very fine piece of work. I also received the copy of The Ellensburg Record and have ordered twenty-five copies for binding purposes.

I felt I was very fortunate in having a chance to sit down for a visit with you at Olympia because we have not been able to visit together for some time. I hope we may have a chance to do this again.

Yours very truly,

*Chapin D. Foster*
