Mr. Lee L. Yost,  
Room 2129 Dept. of Justice Building,  
Washington 25, D.C.

Dear Lee:

Enclosed, a miscellaneous assortment of Paiute material. Some of it is from the Letter Record books, others are copies of loose material that is batting around the agency, unfiled and unclassified.

I don't know whether it is any value to you or not, but you are welcome to scan it, keeping it as long as you wish, as I have retained the carbon copies. And, in due time you may return it. This material is sent as one friend to another, I merely bumped into it and thought you would be interested. The Agent is off the post and some checking on allotment and enrollment minutes are buried away, beyond my reach, until his return. So, I spent the time writing out this material so I can build up my own historical files concerning the Paiutes.

Sincerely
