

Mr. Chapin Foster, director,
Washington State Historical Society,
Tacoma, Washington.

July 28, 1955

Dear Chapin:

I thought I should drop you a note so you will know that our vacation schedule will not permit me to attend the Aug. 6th Board meeting.

The summer schedule is a difficult one, operating as we do on a vacation schedule, and with the managing editor on vacation at that time, I just can't make it.

As I determine the date or approximate dates of the meetings--do they run regular?--I will make every effort to schedule my time off so I may attend.

I've received the board pictures and am looking forward to the membership list. I'm hopeful that when I complete my study of the field of names, I will come up with something that might be of benefit to the Society. So am hopeful that the list will be upcoming before long.

Hope things have been going better with you, and that your visit to the Yakima Valley with your "educator kinfolk" from Moxee will materialize. I am looking forward to meeting him as school season approaches.

Sincerely
