Dear Click Belander,

I am writing a term paper of about 1200 words which must be footnoted. I would appreciate any material you could send me if it would get here not later than this Saturday, as my paper is due Monday, May 4.

The main things I plan to write on about the fort on which I could use some help are:

- I Why the fort was built - (Problems involved)
- II Main events that took place at the fort after it was built. - (some with Indians)
Why were the leaders & what did they do.
- III In Conclusion I would like to bring in the present Fort Simcoe - (What still stands and what it is used for).

Thank you for your letter and article and if you feel that you cannot get anything here by Saturday that is alright because I realize this is short notice
Sincerely,
Hilma
