Yakima, Washington

Dear Mr. Relander

My name is Beverly Wentz. I live near Deer Park, Washington. I was referred to you by the American Mustang Association Inc. in Phoenix, Arizona.

I am working on the topic of Horse Raising in the State of Washington for my term paper in Washington History. I was wondering if you could help me. I would like some information on the history of the horse in Washington, such as how the horse got here, how he adapted himself, how the horse helped to develop our region into a territory and later into a state, and how the horse grew or declined in importance. I would also like information on the use of different breeds of horses, the difference between a horse that is registered and one that is not, the average cost of different breeds (for buying purposes) and the major horse raising areas in this state. I would also like to know about what a horse's diet consists of.

Thank you ahead of time. Any help you can give me will be greatly appreciated. If you cannot furnish me with any needed information could you please tell me of someone who might be able to help me.

Sincerely yours

Beverly Wentz

Dear Mr. Relander,

Thank you very much for your answer to my request. I appreciate your time and trouble. The information you gave me will be of great help. So far you have been the only private individual that I have written to that has answered.

I would be very glad to send you my grade. If I can get my term paper back I will send it to you and see what you think of it. I like horses very much and would like to gather all the information about them that I could. I have a horse of my own and I ride very much but there are many things about them that I don't know and would like to know. I will try to get ahold of some of the books you mentioned and read them throughly.

Thank you again for the information you sent. It was very complete and I shall use and keep every bit of it. I hope I haven't inconvenienced you too much.

Sincerely yours,

Beverly Wentz

Dear Mr. Relander

I realize you must be a busy man so I won't send you my term paper like I said I would. Instead I will give you my grades like you requested.

On May 7, I gave my oral report which was required of us. It consisted of an organized summary of our paper given orally before the rest of the class. On this report I got a B. After I gave my oral report I turned in the term paper and Mr. Trout, my instructor, corrected it. When I got it back I found my grade written on the title page. Oral-B and Written- A+.

I want to thank you again for the help you gave me. I ordered some of the books you suggested through our library. They arrived to late to be of any help on my term paper but I looked through them and found them very interesting. I used a total of 20 footnotes 6 of which were from the information you gave me.

Enclosed is stamps to replace the postage used to send the information to me. Thank you for your time.

Sincerely yours

Beverly Wentz
