From the desk of

MORRIS FORD, Director  
Alaska Travel Division

Enclosed you will find an invitation from Governor William A. Egan inviting you aboard the formal inaugural voyage of the Alaska Ferry System.

Already, in scores of pre-inaugural runs, the M/V Malaspina has thrilled hundreds of passengers and has proved to be, in its own right, a major Alaska travel attraction. The route of the Malaspina (and sister ships, the M/V Taku and the M/V Matanuska) is the fabulous "Inside Passage" route of fjords, glaciers, big and little islands, and friendly fishing villages.

We wish it were possible to offer an all-expense trip including your transportation to Prince Rupert, B. C. but unfortunately we cannot. If you can arrange transportation that far, however, we will certainly enjoy "picking up the tab" during the period of the voyage, including overnight accommodations.

Are you interested? If so, we will send more details upon receipt of your letter.
