Dear Click:

I'll get you a more complete reply within a day or two. Over the week end I have been moving to an apartment near the building, so we're in a mess.

Your comment on the Conference makes sense. I simply felt that if there was to be something big in connection with the Fort, the Conference would be in line.

We can run off the mailing list. Mrs. Mc Allister has been on vacation and will get caught up some day, I assume. Vacations are bad. My wife says I haven't had a real one in years. It won't be thins year, that's certain.

Hastily

Chapin
