A SHORT TITLE LIST OF BOOKS AND PAMPHLETS IN GOOD CONDITION

Dear Mr. Relander:-

Thank you for your offer. We want the books, but without examining them it would be sheer folly to accept a lot offer.

We do not hesitate to buy large collections by lot-prices; since a defect in one volume will be covered by the profit on the entire lot. Not so...where four or five volumes only are involved; for here before we could deduct the price of an individual defective the question as to the individual value of each volume would be opened up.

In a lot, we will pay as follows for your books assuming that they are in good saleable condition:-

1. Portrait and Bio. History of Ingham and Livingstone Counties, Michigan \$17.50
2. Erwin..Bloody Vandetta. Williamson County, Ill.
Not first edition, but we will pay \$8.50
3. Gray...have no demand for it. Do not need it.
4. Burgoyne..All Sorts of Pittsburgers. \$8.50
5. Finn...Buffalo Valley. \$10.00

For the same reason as above...we do not buy books "sight-unseen." If you will send them on our check will go back via air-mail for all items found satisfactory.
