Dear Mr. Relander:

It was very good of you to write me about your recent acquisitions in Yakima materials, and I am happy to inform you that I can recommend to you the one book you must become acquainted with and consult often. It is the Checklist of United States Public Documents, 1789-1909, which I am sure you will find in the public library in your city. If not, be sure to purchase a copy from the Superintendent of Documents, Government Printing Office, Washington, D.C. It is an indispensable guide and tool. (Send him three dollars in cash - he will return the change in stamps.)

Another work I cannot recommend too highly is Wagner-Camp, The Plains and the Rockies, 1800-65. As this work is now out of print, the cost is high, about \$25.00 but it is worth it. Occasionally I see one for sale in a 2nd hand catalogue, and I will notify you the next time I do.

Some day I want to go through your collection; and I am certainly grateful for your generous offer. Some day I will take you up on it.

May I wish you the compliments of the season.

Sincerely yours,

*W. L. Davis*
