Mr. L. O. Janeck,
18 N. Second St.,
Yakima, Wash.

Dear Mr. Janeck:

Mr. Kenneth Nelson of Zillah, Washington, has asked me to write to you in his behalf in regard to obtaining help from the Yakima Rotary Club student loan fund committee. As member of the faculty of Gallaudet College, Washington, D.C., I have known Mr. Nelson, a student now in his senior year, ever since he enrolled as a member of the preparatory class some seven years ago. He is a very deserving student and he has earned my admiration for the pluck he has shown for sticking to his college work even though he has been all the time very much in need financially. I am sure a less persevering person would long before this have become discouraged and given up his studies. This is sufficient evidence that Mr. Nelson desires to improve himself so that he may become a useful citizen.

As for character reference, I am quite sure Mr. Nelson fills all the requirements of a gentleman, and I can assure you that whatever assistance you may be able to render him that will help him carry through will be well worth while.

Respectfully yours,

Irving S. Fusfeld
