Mr. Clifford Kaynor,
1003 4th Avenue East,
Ellensburg, Wash.

Dear Cliff:

A brief, and inadequate thank you for your fine reception of "strangers on the Land. It is much appreciated and your Yakima friends are very grateful for your understanding. It is certainly evident you have experienced some of the years and days which "Strangers" so inadequately attempts to depict.

It is also evident that the strangers on the land, through your years of newspapering have a better appreciation of the Kittitas Valley than the "new come strangers" to some areas of our west. I think in time to come these things will be as reflective upon regions and their inhabitants as the result of proper and tolerant education.

Again, our sincere thanks for your generous remarks.

Most Sincerely
