

March 31st, 1953

Dr. Thomas E. Griffith,
1004 Federal St.,
The Dalles, Ore.

Dear Dr. Griffith:

Just a brief note--because I'm snowed--
to enclose a couple of clips about the Port Sincoe research
trip. We got a good start.

We'd appreciate it if you could keep your eyes open
for some good leads for us..like the Schopl material on
Sincoe, but do just as you can in the time you can.

Any bit will be appreciated. It will be a long, slow pull,
with the more vitally interested in the project, profiting
by the experience and guidance of some of the old vets
like yourself. More anon.

Sincerely
