YELLOWSTONE NATIONAL PARK

FISHERMAN'S PARADISE OF THE ROCKIES

• No license required to fish in Yellowstone National Park.

• Boats for rent at Fishing Bridge, Bridge Bay Marina, and West Thumb—with or without guide, tackle and bait.

• Saddle horse trips to fishing spots of your choice from Roosevelt Lodge, Canyon, Mammoth and Old Faithful corrals.

• Bait and tackle for sale at Fishing Bridge, Bridge Bay Marina, and West Thumb boat docks, and at all Hamilton Stores.

Fishing is FREE in

Yellowstone

No license is required to fish the waters of Yellowstone National Park. Over 440 miles of trout-laden streams await the angler. Hundreds of sparkling alpine lakes are home to the cutthroat trout and Montana grayling. Yellowstone is the fountainhead for some of America's finest fly-fishing waters. Originating in this park are the classic Firehole, Lamar, Madison and Yellowstone rivers. Large Rainbow trout are commonly caught in the Lamar river. Mackinaw trout are found in Lewis and Shoshone Lakes. Leave enough time in your sight-seeing schedule to enjoy Yellowstone Park's incomparable fishing. Printed on the opposite side are the current fishing regulations; a more detailed account is available from any Park Ranger or Visitor Center.

SUPPLIES

The Hamilton General Stores located throughout Yellowstone Park furnish fishermen with necessary equipment and bait. They stock a wide selection of fishing tackle and offer helpful information about fishing Yellowstone's different streams and lakes. Box lunches are available. Clothing, groceries, mosquito repellent, sun tan lotion, and other outdoor items can be found at the Hamilton Stores.

GUIDES

Experienced fishing guides will take you where the big ones are. Just relax in the comfort of a Yellowstone Lake cruiser and let them do the work... you do the fishing. Ask at any boat dock on Yellowstone Lake for guide services, which includes fishing boat, tackle, bait and cleaning the fish.

TACKLE

You don't have to come equipped to enjoy Yellowstone's fishing. Complete fishing tackle and bait can be purchased at the boat docks on Yellowstone Lake or at any Hamilton Store. Rental tackle at boat docks. Ice is located at vending machines located throughout the park. See any boat dock for bait and further assistance in Yellowstone.

BOATS

Three boat docks are located on the shores of famous Yellowstone Lake in the heart of this national park. Boat rentals are available at Fishing Bridge, Bridge Bay Marina (pictured below), and West Thumb docks for as low as \$1.05 per hour. Rowboats, outboards, and cabin cruisers afford the visitor a wide selection.

Bridge Bay Marina

A string of Cutthroat Trout fresh from the chilly waters of Yellowstone Lake.
