Dear Friend Click:

You will recall our earlier conversation about bound volumes of the special editions. Very soon I will be sending letters to all libraries about these, but I feel I should make one exception and write you this note in advance.

Its going to take two volumes to take care of the papers. This would be a very good binding as against a cheap one that wouldn't hold up very long. In lots of 10 they'll cost \$10 a volume, with the cost of the papers added, so it will bring the job to \$29.50 a set. I'm not sure you will want to go that far but maybe the paper would.

Anyway, I'm passing the information along to you. Not all on the list can get these volumes so its going to be a case of first come, first served. You wanted one reserved for you, hence this advance letter. If I get too many orders, which could be very easily, I'll probably try to get one into each area, to be of easier access.

Yours fraternally

CHAPIN D. FOSTER, Director
