"I am ordering" for Gonzaga lib

July 16, 1954

Dear Father Bill:

Under separate cover and to the same address I am sending you a copy of the Yakima Treaty booklet. I've been so jammed with vacationing (strange remark) and with other things since returning, I haven't gotten around to attending to things like that, so hope you haven't acquired a copy. If you have, you no doubt have a place for this.

My regret still is that I had only 12 evenings work to put in on writing about three of the sections, editing, getting the pictures dug out etc. to meet the printer's deadline so it could be done in time for the centennial. Obviously I couldn't get into footnotes, because I was considering the price angle for the tribe.

I'm also enclosing circulars on D and D which is being scheduled for spring publication. Maybe Gonzaga has a tie in with dealers etc. for such purchases or with Caxtons themselves. If not, perhaps you'd pass it on to the proper department and ~~xxx~~ let them return it to me so I can forward it and keep the ball moving. As you know, that would be helpful in letting Caxtons estimate their publication number.

Don't know whether you'll be down to the advisory committee meeting or not, but if so, no doubt I'll be seeing you. Meanwhile, Lorraine joins me in extending the hope that things go well with you.

regards
