Dear Click:

We appreciate very much your warm comments about Stories of Pacific Powerland. May I hasten to add that it is only because we find good material available here and there that we are able to keep the show going as successfully as we have. It is remarkable how much interest we have generated by this little program.

I am sending copies of your letter to a number of our associates here and calling their particular attention to your reference to the Wanapum Dam Dedication on June 4. I am also sending a copy of your letter to Jack in New York. I am sure he will be pleased to be remembered.

With best personal regards, I am

Sincerely yours,

JD/JN
