Dear friend

Thank you for the clipping from the
P.I. - I had not seen it - didn't
know of it before so it was a very
pleasant surprise - and thank you friend
Mr. Jones also - this sort of thing helps
immensely - ~~you~~ - Many didn't write the artist -
but did write the artist - ^{am} ~~the~~ ^{artist} ~~are~~ ^{are} Thank you for
And I also want to
the nice long information letter - I wish
I were that good a letter writer - but I'm
not - I am deeply impressed by
all your honors listed at the bottom of
your letter paper - you certainly haven't
been an idle man - gosh - how do
you get it all done? -

We have had a very good season but
all too short - the snow has fallen
here already - today is like real winter
and the tourists have all gone. - now
we can get to work filling orders
taken this summer and generally getting
back to work. -

Mary and I are scheduled to
meet with Mr. Eric Harvie (Blenbow
Foundation of Canada) - this coming week
- we are to be his guests for 1 week -
this is a big thing for me - hope it
turns out O.K. -

Your fish fountain pictures look real
fine - good luck on all your ventures
- send me more pictures -

As ever
