

March 28, 1963

Mr. Ronald Key, librarian,  
Fraser Valley Regional Library,  
Montrose Ave., Abbotsford, B.C.

Dear Ron:

Hope you made it back home without too arduous a trip, in view of the weather. And I hope that your future expeditions into our country will not be jeopardized by a continuation of our spell of rain and wind.

Ginny and I enjoyed very much meeting (again and for the first time) with you. Ginny of course is expressing directly to Linor our pleasure at the company of the two of you and her warm hospitality.

The chanties and other parts of the evening are recalled with real pleasure.

Ginny is more determined than ever that we schedule a visit into your own BC when possible. She is especially fond of mountains and scenery and new territory. We have a visit to California, where some of my few relatives live to get out of the road, but you can bet B.C. will be on the list as soon as is possible.

I suspect you will require duplicates of the billing for Strangers on the Land. They are included.

Hope your readers find material providing a better understanding of our Indians and their "much of the same" problems with non-Indians.

Again, we enjoyed everything, very much.

Sincerely
